Washington, D.C. 20426

Attention: Ms. Kimberly Bose, Secretary

Re: Semi-Annual Transportation Fuel Gas;
Quarterly Lost, Unaccounted-For and Other Fuel
Gas Reimbursement Percentage Filing;
Colorado Interstate Gas Company, L.L.C.;
Docket No. RP19-

Commissioners:

Colorado Interstate Gas Company, L.L.C. ("CIG") tenders for filing and acceptance by the Federal Energy Regulatory Commission ("Commission") the following tariff records to its FERC Gas Tariff, Second Revised Volume No. 1 ("Tariff")

Part II: Section 2 – Fuel and L&U Rates, Version 37.0.0

The tariff records reflect revised reimbursement percentages applicable to: (1) Lost, Unaccounted-For and Other Fuel Gas ("LUF"); and (2) Transportation Fuel Gas. The tariff records are proposed to become effective April 1, 2019.

Background

Section 13 of the General Terms and Conditions ("GT&C") of CIG's tariff requires it to reflect changes in its LUF reimbursement percentages quarterly and changes to its Transportation Fuel Gas semi-annually.¹

CIG is herein filing to update transportation fuel and LUF reimbursement percentages to be effective April 1, 2019. As further detailed below, the derivation of the reimbursement percentages includes current period reimbursement percentages, along with a true-up for the over- or under-collection of gas quantities for the period of July 1, 2018 through December 31, 2018 for Transportation Fuel Gas, and a true-up for the over- or under-collection of gas

¹ Section 13.1 and 13.2 of CIG's GT&C require CIG to update its mainline fuel retention percentages twice annually to be effective on April 1 and October 1 and to update its LUF retention percentage quarterly to be effective January 1, April 1, July 1, and October 1.

quantities for the period of October 1, 2018 through December 31, 2018 for all items pertaining to LUF.²

Description of Filing

CIG is submitting this filing, pursuant to Subpart C of Part 154 of the Commission's Regulations and GT&C Section 13 of CIG's Tariff, in order to revise its reimbursement percentages to reflect the new quarterly LUF reimbursement percentage and the semi-annual Transportation Fuel Gas reimbursement percentage.

LUF Reimbursement Percentage

As described in GT&C Section 13.5(a) of CIG's tariff, the LUF gas imbalance is the difference between actual LUF used and LUF volumes retained from shippers as computed on a monthly basis. Section 13.2 of CIG's GT&C requires CIG to update its LUF retention percentages quarterly to be effective January 1, April 1, July 1, and October 1. CIG previously filed three quarterly LUF filings pertaining to the nine-month period of January 2018 through September 2018. Although LUF percentages are updated quarterly, CIG is providing twelve months of LUF data in this filing. The monthly data are shown on Appendix A, Schedule 3.³

On November 29 2018, in Docket No. RP19-333-000, CIG submitted its quarterly LUF True-up Filing that proposed to maintain the overall quarterly LUF percentage of 0.00% and to return over-collected LUF quantities of 309,339 Dth valued at \$736,646.52 to its shippers via invoice credits. The Commission accepted the proposed percentages to be effective January 1, 2019.⁴

The revised LUF reimbursement percentage proposed herein seeks to recover LUF that will occur over the three-month period from April 1, 2019 through June 30, 2019. The total LUF reimbursement percentage, including the current period from April 2019 through June 2019 and true-up volumes from prior periods, is proposed to be 0.43% from the current total percentage of 0.00%. The derivation of this reimbursement percentage is detailed in Appendix A of the attached work papers and explained further below:

² Colorado Interstate Gas Co., 112 FERC ¶ 61,356 (2005) and 115 FERC ¶ 61,322 (2006).

³ See Appendix A, Schedule 3, line 13, columns (b) through (m).

⁴ Colorado Interstate Gas Co., Docket No. RP19-333-000 (Dec. 18, 2018) (unpublished letter order).

- The current LUF reimbursement percentage remains at 0.00% based on the data collection period from January 1, 2018 through December 31, 2018.⁵ Section 13.2 of CIG's tariff requires CIG to calculate LUF by using a twelve-month period ending three months prior to the date these proposed rates will be in effect. Because the LUF for the twelve-month period ending December 2018 was negative (indicating a net gain of LUF)⁶ and CIG's Tariff essentially prohibits a negative LUF reimbursement percentage, CIG proposes to maintain the current period LUF reimbursement rate of zero percent.
- The comparison of LUF experienced during the three months ending December 31, 2018 to the LUF quantities retained during that same period revealed an under-collection of gas quantities of 714,004 Dth.⁷ CIG experienced three consecutive months of L&U losses during this period and had a 0.00% reimbursement percentage in place during the period.⁸ CIG proposes to collect this under-collection totaling 714,004 Dth⁹ by applying a true-up percentage of 0.43%.
- The sum of the current period reimbursement percentage and the true-up percentage results in a total LUF Retention Percentage for the three-month period beginning April 1, 2019 of 0.43%.
- On January 29, 2019, Wyoming Interstate Company, L.L.C. ("WIC") filed its Quarterly Recomputation of Fuel and Lost and Unaccounted-for Percentage in Docket No. RP19-596-000. In that filing, WIC referred to a potential measurement error at an interconnect between CIG and WIC possibly related to modifications made at the WIC Cheyenne Compressor Station and plant yard in connection with the WIC Cheyenne Compressor Station Expansion Project ("Expansion Project") in Docket No. CP18-177-000. During construction of the Expansion Project, WIC temporarily rerouted gas delivered by it to CIG at the Flying Hawk Interconnect to flow through the Bowie meter from July 31, 2018 through December 10, 2018. Once construction began on the Project, WIC began to experience large "gains" in L&U while CIG began to experience significantly increased losses on its High Plains System that appeared to correlate with the gains on WIC. These measurement errors have been identified and the records of both companies have been adjusted appropriately. However, the

⁵ See Appendix A, Schedule 3, Page 1 of 1, Line 13 columns (b) through (n).

⁶ See Appendix A, Schedule 3, line 13, column (n).

⁷ See Appendix A, Schedule 2, Page 1 of 1, Line 13, Column (f).

⁸ As discussed earlier, CIG reported an over-collection of LUF in its last filing which resulted in cashing out the over-collected quantities. Therefore, the reimbursement percentage was set at 0.00%.

⁹ See Appendix A, Schedule 1, Line 8, Column (b).

adjustments will not impact this Quarterly LUF calculation since they relate solely to CIG's High Plains system which has its reimbursement percentage adjusted annually and will be filed in August 2019. Thus, CIG includes this explanation in this filing for informational purposes only.

Transportation Fuel Gas

On August 31, 2018, CIG filed in Docket No. RP18-1123-000 to decrease its total Transportation Fuel Gas reimbursement percentage of 0.66% to 0.44% for the six-month period from October 1, 2018 through March 31, 2019. The revised Transportation Fuel Gas reimbursement percentages proposed herein seek to recover fuel gas consumption that will occur over the six-month period beginning April 1, 2019. The total Transportation Fuel Gas reimbursement percentage including the current period of April 1, 2019 through September 2019 and any true-up volumes from prior periods is proposed to be 0.47% which represents a slight increase of 0.03% from the current total reimbursement of 0.44%. The derivation of this reimbursement percentage is detailed in Appendix H of the attached work papers and explained further below:

- The Transportation Fuel Gas current reimbursement percentage slightly increases from 0.56% to 0.57% based on fuel burned during the same time period from the previous year that these current reimbursement percentages are proposed to be in effect (April through September).
- The comparison of Transportation Fuel Gas consumed during the six months ending December 31, 2018 to the actual fuel gas quantities retained during that same period revealed an over-collection of gas quantities of 354,798 Dth.¹⁰ Also, a comparison of true-up quantities sought in the past two fuel filings (Docket Nos. RP18-485-000 and RP18-1123-000) to true-up quantities retained indicates an under-collection of 57,915 Dth.¹¹ The total sum of these results in an over-collection of 296,881 Dth to be returned to shippers through a negative 0.10% true-up reimbursement percentage.
- The sum of the current period reimbursement percentage and the remaining true-up percentage results in a total Transportation Fuel Retention Percentage for the six-month period beginning April 1, 2019 of 0.47%.

Section 154.204 Discussion

¹⁰ See Appendix H, Schedule 2, Page 1 of 1, Line 14, Column (h).

¹¹ See Appendix H, Schedule 2, Page 1 of 1, Line 31, Column (c).

Pursuant to Section 154.204 of the Commission's regulations¹², CIG states the following:

- (a) CIG does not anticipate a significant increase in revenues or costs as a result of the proposed tariff changes; and
- (b) CIG is not aware of any other filings pending before the Commission that may significantly affect this filing.

Procedural Matters

Inasmuch as this filing is fully described in this transmittal letter and the related supporting schedules, the statement of the nature, the reasons and the basis for the instant tariff filing required by Section 154.7(a)(6) of the Commission's regulations¹³ is omitted.

In accordance with the applicable provisions of Part 154 of the Commission's regulations,¹⁴ CIG is submitting an eTariff filings XML package, which includes the following:

- i) a transmittal letter;
- ii) workpapers under Appendices A-J in PDF format; and
- iii) clean and marked versions of the tariff records.

CIG respectfully requests that the Commission accept the tendered tariff records for filing and permit them to become effective on April 1, 2019, which is not less than 30 days from the date of the filing. To the extent the Commission allows the revised tariff provisions to go into effect without change, CIG hereby moves to place the tendered tariff records into effect at the end of the suspension period, if any, specified in a Commission order.

Notes:

- 1) All quantities and amounts, including prior period adjustments are reflected by production month.
- 2) From Appendix B, Schedule 1, line 50.
- 3) L&U associated with the High Plains system is collected and tracked separately and, thus, is excluded from CIG's transportation LUF calculations. See Appendix I, Schedule 1 for the supporting High Plains system L&U calculation.
- 4) Pursuant to Commission Order dated December 3, 2004 in Docket No. CP03-301-001, CS-1 L&U reimbursement will be collected and tracked separately and, thus, is excluded from CIG's transportation LUF calculations. Please see Appendix J, Schedule 1 for the supporting Rate Schedule CS-1 L&U calculation.
- 5) From Appendix D, Schedule 1, line 14. The decatherm-equivalent revenue from Appendix D, Schedule 1 is a reduction to the LUF mechanism in this instance. Therefore, the net thermal equivalent is shown as a reduction from the quantities that otherwise would have been required to be retained.
- 6) From Appendix G, Schedule 1, line 3. Pursuant to Letter Order dated November 25, 2003 in Docket No. CP03-7-001, electric commodity expenses from certain facilities will be included in the LUF calculations as incurred.

Notes:

- 1) From Appendix D, Schedule 2, line 7.
- 2) CIG Filed for abandonment of the Rawlins Plant in Docket No. CP17-493-000. On November 29, 2017 FERC issued an order approving the abandonment.
- 3) From Appendix D, Schedule 3, line 7.
- 4) From Appendix D, Schedule 3, line 8.
- 5) Represents fees paid to a third party to process liquids at Wattenberg corresponding with the revenue attributable to Wattenberg shown on line 3.
- 6) From Appendix D, Schedule 2, line 14.
- 7) From Appendix D, Schedule 2, line 15.
- 8) From Appendix E, Schedule 1, line 3.

16	Net 3rd Party Processing Reimbursement		\$0		\$0		\$0		\$0

Notes:

- 1) CIG Filed to abandon the Rawlins Plant in Docket No. CP17-493-000. FERC issued an order granting abandonment on November 29, 2017. As part of the order, CIG was to sell Overland Pass Liquids and return the equivalent Dths through its fuel tracker. The May amounts reflect that sale.

30	True-up Quantity Sought in RP18-1123 ⁷		(156,505)					
31	True-up Remaining [lines (29 + 30) - line 28]		57,917					

Notes:

- 1) Current portion of the transportation fuel reimbursement percentage in effect during the month.
- 2) From Appendix C, Schedule 1, line 28.
- 3) From Appendix H, Schedule 3, column (f).
- 4) From Appendix I, Schedule 2, column (f).
- 5) Transportation fuel true-up reimbursement percentage in effect during the month.
- 6) In CIG's filing in Docket No. RP18-485-000, Appendix H, Schedule 1, line 8, column (b), CIG sought to return through the volumetric true-up mechanism 16,226 Dth. Since only 3 months of the 6-month true-up period had passed as of June 30, 2018, CIG is reflecting the remaining half here.
- 7) In CIG's filing Docket No. RP18-1123-000, Appendix H, Schedule 1, line 8, column (b), CIG sought to return through the volumetric true-up mechanism 313,009 Dth. Since only 3 months of the 6-month true-up period has passed as of December 31, 2018, CIG is reflecting half of the true-up amount here and will reflect the remaining half in its next Semi-Annual fuel filing.

13	Total	563,848	4,661,217		377,635	58,399

Notes:

- 1) Air is injected at the Watkins Air Compression facility for portions of CIG's mainline system as well as a portion of the High Plains system to meet the input factor (Wobbe Factor) requirement. However, fuel consumed in compressing air is not separately measured for each system. Therefore, an allocation of the total fuel used to compress air is performed based on the volume of air injected into each separate system, which is separately measured. This ratio is calculated in column (d).
