Re: Colorado Interstate Gas Company, L.L.C.
Docket No. CP24-124-000
Quarterly Post-Construction Report No. 1

Commissioners:

Colorado Interstate Gas Company, L.L.C. (“CIG”) is hereby filing with the Federal Energy Regulatory Commission (“Commission”) in Docket No. CP24-124-000, its quarterly post-construction status report related to the Totem Enhanced Deliverability Project (“Project”).

Description of Proceeding

On April 8, 2024, CIG submitted an application pursuant to sections 7(b) and 7(c) of the Natural Gas Act¹ and Part 157 of the Commission’s regulations² for authorizations to: (1) increase the maximum withdrawal rate by approximately fifty million cubic feet per day; (2) install six new injection and withdrawal wells; (3) replace and install various sections of storage pipeline; (4) reclassify one existing injection/withdrawal well to an observation well; (5) install various appurtenant and auxiliary facilities; and (6) inject approximately one billion cubic feet of additional base gas into the Totem storage field. On March 20, 2025, the Commission issued an Order granting CIG’s requested authorizations.³ The Totem Enhanced Deliverability Project was placed into service on February 25, 2026.

Submittal of Status Report

In accordance with the Project’s Upland Erosion Control, Revegetation, and Maintenance Plan reporting requirements, CIG is herein filing a quarterly post-construction status report describing its post-construction maintenance/reclamation efforts for the period of January 1, 2026 to March 31, 2026.⁴

¹ 15 U.S.C. § 717(f)(b)-(c).

² 18 C.F.R. §§ 157.1 – 157.218 (2025) (Part 157).

³ See *Colorado Interstate Gas Company, L.L.C.*, 190 FERC ¶ 62,174 (2025).

⁴ CIG filed its last monthly status report on February 24, 2026 prior to placing the Project into service. Pursuant to informal guidance from the Office of Energy Projects, CIG is filing its first quarterly status report covering January through March 2026 in order to get on a quarterly calendar year reporting period.

Filing Information

CIG is e-Filing this letter and report with the Commission's Secretary in accordance with the Commission's Order No. 703, *Filing Via the Internet*, guidelines issued on November 15, 2007 in Docket No. RM07-16-000.

Respectfully submitted,
COLORADO INTERSTATE GAS
COMPANY, L.L.C.

Post-Construction Quarterly Report No. 1
January 1, 2026 through March 31, 2026**

ACTIVITIES DURING THE REPORTING PERIOD

During this reporting period, the contractor demobilized from the project area following the project being placed into service. Additional activities during the reporting period for each component of the project are listed below.

Injection/Withdrawal Wells

- Fencing and final grade activities were completed at all the well locations and the pig launcher site.
- Gravel was spread at each of the well locations, pig launcher facility and on the permanent access roads.
- Final grade was established on all the well pads and the topsoil was replaced. The well pads have been released to the landowner to resume agricultural activities.

Storage Pipeline Laterals

- Final grade was established on the right-of-way and topsoil was replaced.
- The lateral right-of-ways have been released to the landowner to resume agricultural activities.

Compressor Station

- All work was completed within the compressor station and no additional post-construction activities were completed during this reporting period.

RESTORATION ACTIVITIES

As noted above, CIG completed the final grade and topsoil replacement throughout the project area. No other restoration activities were conducted.

ENVIRONMENTAL & LANDOWNER CONCERNS

No landowner issues or concerns were identified during this reporting period.

UPCOMING ACTIVITIES DURING NEXT REPORTING PERIOD

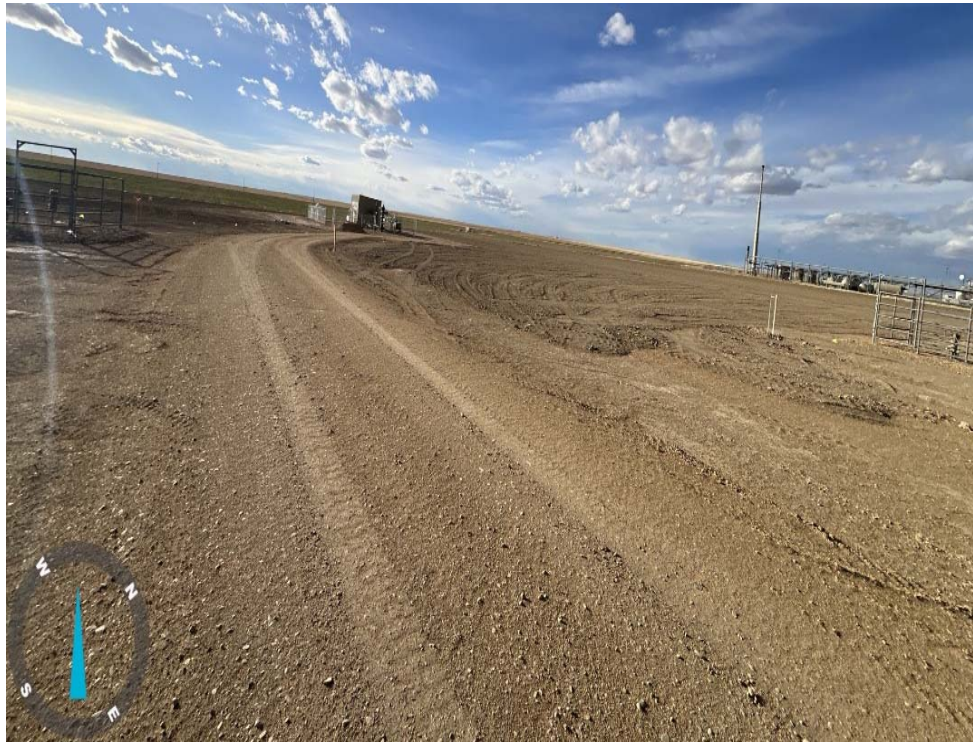

During the next reporting period, CIG will reseed the project contractor yard and minor areas within the project area that are not under active agricultural use. In addition, CIG will monitor the project area for reclamation success and weed establishment.

CP24-124-000 Totem Enhanced Deliverability Project
Post-Construction Quarterly Report No. 1
January 1, 2026 through March 31, 2026

Location: Totem Storage Field

Description: Regrading and gravel at access road into Injection/Withdrawal Well No. 28.

Date: 2/25/2026

Location: Totem Storage Field

Description: Regrading the contractor yard.

Date: 2/25/2026
