Re: Colorado Interstate Gas Company, L.L.C.
Docket No. CP24-124-000
Quarterly Post-Construction Report No. 2

Commissioners:

Colorado Interstate Gas Company, L.L.C. ("CIG") is hereby filing with the Federal Energy Regulatory Commission ("Commission") in Docket No. CP24-124-000, its quarterly post-construction status report related to the Totem Enhanced Deliverability Project ("Project").

Description of Proceeding

On April 8, 2024, CIG submitted an application pursuant to sections 7(b) and 7(c) of the Natural Gas Act¹ and Part 157 of the Commission's regulations² for authorizations to: (1) increase the maximum withdrawal rate by approximately fifty million cubic feet per day; (2) install six new injection and withdrawal wells; (3) replace and install various sections of storage pipeline; (4) reclassify one existing injection/withdrawal well to an observation well; (5) install various appurtenant and auxiliary facilities; and (6) inject approximately one billion cubic feet of additional base gas into the Totem storage field. On March 20, 2025, the Commission issued an Order granting CIG's requested authorizations.³ The Totem Enhanced Deliverability Project was placed into service on February 25, 2026.

Submittal of Status Report

In accordance with the Project's Upland Erosion Control, Revegetation, and Maintenance Plan reporting requirements, CIG is herein filing a quarterly post-construction status report describing its post-construction maintenance/reclamation efforts for the period of April 1, 2026 to June 30, 2026.

¹ 15 U.S.C. § 717(f)(b)-(c).

² 18 C.F.R. §§ 157.1 – 157.218 (2025) (Part 157).

³ See *Colorado Interstate Gas Company, L.L.C.*, 190 FERC ¶ 62,174 (2025).

Filing Information

CIG is e-Filing this letter and report with the Commission's Secretary in accordance with the Commission's Order No. 703, *Filing Via the Internet*, guidelines issued on November 15, 2007 in Docket No. RM07-16-000.

Respectfully submitted,
COLORADO INTERSTATE GAS
COMPANY, L.L.C.

**CP24-124-000 Totem Enhanced Deliverability Project
Post-Construction Quarterly Report No. 2
April 1, 2026 through June 30, 2026**

ACTIVITIES DURING THE REPORTING PERIOD

The following activities for each component of the project occurred during the reporting period.

Injection/Withdrawal Wells

- CIG's electrical contractor installed permanent power extensions to the new well sites.

Storage Pipeline Laterals

- During the beginning of the quarterly period, final grade was established on the right-of-way and topsoil was replaced. Photo documentation is being provided herein depicting the most recent restoration progress.
- The lateral right-of-ways have been released to the landowner to resume agricultural activities.

Compressor Station

- All work was completed within the compressor station, and no additional post-construction activities were completed during this reporting period.
- The contractor yard was reseeded.

RESTORATION ACTIVITIES

No restoration activities were conducted.

ENVIRONMENTAL & LANDOWNER CONCERNS

No landowner issues or concerns were identified during this reporting period.

UPCOMING ACTIVITIES DURING NEXT REPORTING PERIOD

During the next reporting period, CIG will monitor the project area for reclamation success and weed establishment.
