Re: Colorado Interstate Gas Company, L.L.C.
Docket No. CP24-124-000
Quarterly Post-Construction Report No. 3

Commissioners:

Colorado Interstate Gas Company, L.L.C. ("CIG") is hereby filing with the Federal Energy Regulatory Commission ("Commission") in Docket No. CP24-124-000, its quarterly post-construction status report related to the Totem Enhanced Deliverability Project ("Project").

Description of Proceeding

On April 8, 2024, CIG submitted an application pursuant to sections 7(b) and 7(c) of the Natural Gas Act[1] and Part 157 of the Commission's regulations[2] for authorizations to: (1) increase the maximum withdrawal rate by approximately fifty million cubic feet per day; (2) install six new injection and withdrawal wells; (3) replace and install various sections of storage pipeline; (4) reclassify one existing injection/withdrawal well to an observation well; (5) install various appurtenant and auxiliary facilities; and (6) inject approximately one billion cubic feet of additional base gas into the Totem storage field. On March 20, 2025, the Commission issued an Order granting CIG's requested authorizations.[3] The Totem Enhanced Deliverability Project was placed into service on February 25, 2026.

Submittal of Status Report

In accordance with the Project's Upland Erosion Control, Revegetation, and Maintenance Plan reporting requirements, CIG is herein filing a quarterly post-construction status report describing its post-construction maintenance/reclamation efforts for the period of July 1, 2026 to September 30, 2026.
