Re: Order No. 587-Y Compliance Filing,
Colorado Interstate Gas Company, L.L.C.;
Docket No. RP19-

Commissioners:

In compliance with the Federal Energy Regulatory Commission's ("Commission") Final Rule in Docket No. RM96-1-041, ("Order No. 587-Y" or "Final Rule"),¹ Colorado Interstate Gas Company, L.L.C. ("CIG") submits for filing the following tariff record for inclusion in its FERC Gas Tariff, Second Revised Volume No. 1 ("Tariff"):

Part IV Section 32 Compliance with 18 CFR, Section 284.12 Version 4.0.0

Proposed to become effective August 1, 2019, this tariff record reflects the latest version (i.e., Version 3.1) of the business practice standards adopted by the Wholesale Gas Quadrant ("WGQ") of the North American Energy Standards Board ("NAESB").

Reason for Filing

On November 15, 2018, the Commission issued Order No. 587-Y to incorporate by reference into its regulations Version 3.1 of the business practice standards developed by the WGQ of the NAESB.² Order No. 587-Y includes modifications to the standards to clarify the processing of certain business transactions. Among other things, the Final Rule updates standards to include: 1) the establishment of a standard rounding process for elapsed-prorated-scheduled quantity calculations, and 2) a revision to the specifications for information to be included in a nomination request. Additionally NAESB adopted three minor revisions to the WGQ Electronic Delivery Mechanism Related Standards. These revisions include: 1) an increase in the allowable field length in ASCII Comma Separated Value Files to 3,000 characters, 2) the adoption of a new Standard

4.3.106 to allow checkboxes and radio buttons in the pipeline's electronic bulletin board ("EBB"), and 3) modifications to standards in order to update the operating systems and web browsers that entities should support on behalf of users. The Final Rule requires each interstate natural gas pipeline to submit a compliance filing reflecting the changed standards by April 1, 2019, to take effect on August 1, 2019.³

Description of Filing

CIG is hereby filing a revised tariff record in compliance with the Commission's Order No. 587-Y. Specifically, CIG is revising Section 32 of its General Terms and Conditions to incorporate the Version 3.1 NAESB WGQ Standards adopted by reference in the Final Rule.

Incorporation of NAESB Version 3.1

Part IV, Section 32 is updated to reflect the addition of certain NAESB WGQ standards as required by Version 3.1,⁴ the inclusion of a citation to a Commission order on a previously accepted variance (discussed below) and the applicable copyright years for the NAESB standards.

Continuation of Variance

In Part IV, Section 6.1, CIG's Tariff includes a variance to NAESB WGQ Standard 1.3.2, which extends the nomination periods for an additional fifteen minutes. The additional fifteen minutes conforms to Commission policy that pipelines may modify NAESB standards to provide better service to its customers.⁵ This variance was accepted by the Commission in a previous order.⁶ Therefore, good cause exists to continue this variance to NAESB Standard 1.3.2.

Below is the table required by Paragraph 25 in Order No. 587-Y that identifies the standard for a variance, waiver or extension of time was granted, and the docket number or order citation to the proceeding wherein the waiver or

³ See Order No. 587-Y at P 23.

⁴ CIG's attached proposed tariff record is consistent with the sample tariff record provided by the Commission in the Order No. 587-Y proceeding. As such, the tariff record reflects the removal of the references to minor corrections, which were previously required with CIG's compliance with Order No. 587-W. *Standards for Business Practices of Interstate Natural Gas Pipelines and Coordination of the Scheduling Processes of Interstate Natural Gas Pipelines and Public Utilities*, 80 Fed. variance was granted. As noted earlier, CIG requests the continuation of the following:

Procedural Matters

CIG is submitting an eTariff XML filing package, which includes the following:

- a) a transmittal letter; and
- b) clean and marked versions of the tariff record in PDF format.

CIG respectfully requests the Commission accept the tendered tariff record for filing and permit it become effective August 1, 2019, consistent with the Commission's directive in Order No. 587-Y. With respect to any tariff provision the Commission allows to go into effect without change, CIG hereby moves to place the tendered tariff provisions in to effect at the end of the suspension period, if any, specified by the Commission.
