

## Company Overview

Eagle Ford Gathering LLC, owned and operated by Kinder Morgan, provides natural gas producers in South Texas' Eagle Ford Shale a fully integrated midstream alternative for their gathering, transportation, processing and fractionation needs.

Eagle Ford Gathering consists of approximately 111 miles of 24- and 30-inch pipeline originating from Kinder Morgan's Freer Compressor Station in Duval County through the heart of the Eagle Ford Shale in McMullen, LaSalle, Dimmit and Webb Counties, and is designed to gather and deliver up to 780,000 MMBtu per day into Kinder Morgan's Laredo-Katy 30-inch pipeline at Freer.

In addition, Eagle Ford Gathering, along with Kinder Morgan Texas and Kinder Morgan Tejas, own and operate approximately 140 miles of 24-inch pipeline originating in McMullen County and spans the Eagle Ford Shale through five other counties ultimately terminating at Houston Central Plant, as well as other various liquid handling and slug catching facilities at Freer, Kenedy, Runge, Lavaca County and Sheridan, stabilization facilities at Freer and a JT plant in Refugio County. These Kinder Morgan facilities deliver rich Eagle Ford gas to its Houston Central Complex in Colorado County, as well as the Formosa Hydrocarbon processing plant in Calhoun County and Williams Field Services' Markham processing plant in Matagorda County. Between its Houston Central Plant, and long term agreements with Formosa and WFS, Kinder Morgan has the capability to gather and process a total of 1,590,000 MMBtu per day.

For additional questions, contact Bruce Darter, Director - Asset Management of Kinder Morgan's Texas Intrastate Pipeline Group, at [bruce\\_darter@kindermorgan.com](mailto:bruce_darter@kindermorgan.com) or call (713) 369-8783.
