Re: El Paso Natural Gas Company, L.L.C.;
Docket No. CP18-332-000
Project Status Report No. 21

Commissioners:

El Paso Natural Gas Company, L.L.C. ("EPNG") is hereby filing with the Federal Energy Regulatory Commission ("Commission") in Docket No. CP18-332-000, its biweekly project status report related to the South Mainline Expansion Project.

Description of Proceeding

On April 27, 2018, EPNG submitted its application, pursuant to Section 7(c) of the Natural Gas Act requesting a certificate of public convenience and necessity for authorization to construct, own, and operate: (i) an approximately 17-mile, thirty-inch diameter loop line of its existing Line Nos. 1100 and 1103 between Hueco and El Paso, Texas; (ii) the new Red Mountain Compressor Station in Luna County, New Mexico; and (iii) the new Dragoon Compressor Station located in Cochise County, Arizona. This project is referred to as the "South Mainline Expansion Project" or "Project." On November 21, 2019, the Commission issued an Order granting EPNG's requested certificate.¹

Submittal of Project Status Report

In compliance with Environmental Condition No. 8 of Appendix A to the Order, EPNG is providing Project Status Report No. 21 for the period of September 6, 2020 through September 19, 2020. As noted in its construction status report, all construction and restoration activities have been completed. Accordingly, this will be the final bi-weekly project status report. Consistent with its obligations in Section VII, B.2. of the Commission's Upland Erosion Control, Revegetation, Maintenance Plan, EPNG will file its first quarterly post-construction status report during January 2021.
