Commissioners:

El Paso Natural Gas Company, L.L.C. ("EPNG") is hereby filing with the Federal Energy Regulatory Commission ("Commission") in Docket No. CP23-546-000, its weekly status report related to the Line No. 1110 Loop Project ("Project").

Description of Proceeding

On September 22, 2023, EPNG submitted a Request for Prior Notice Authorization Pursuant to Blanket Certificate in the above-referenced docket seeking authorization to construct, install, operate and maintain an approximately two-mile 30-inch outside diameter pipeline loop extension, located in Hudspeth County, Texas as part of its Line No. 1110 Loop Project.¹

Submittal of Status Report

In compliance with Section 157.208(c)(10) of the Natural Gas Act, EPNG is providing Environmental Inspector Report for the period of May 13, 2024 through May 19, 2024.

¹ EPNG received a timely protest within 60-days of the date of the notice issued by the Commission. Accordingly, the Project was reviewed as a case-specific certificate application under section 7 of the NGA. On April 25, 2024, the Commission issued an order denying the protest and authorizing EPNG to construct and operate the proposed facilities under its Part 157 blanket certificate.
