Re: Notice of Delayed Service of Annual Recomputation of Fuel and Lost &
Unaccounted-for Retention Percentages Filing;
El Paso Natural Gas Company, L.L.C.;
Docket No. RP24-193

Dear Secretary Bose:

On November 30, 2023, El Paso Natural Gas Company, L.L.C. ("EPNG") submitted its "Annual Recomputation of Fuel and Lost and Unaccounted-for Retention Percentages" filing in the above referenced docket ("November Filing"). EPNG posted a copy of the filing to the "Regulatory" link on its electronic bulletin board. EPNG attempted to provide timely service to its shippers and interested state regulatory commissions on that day using electronic mail. Also on November 30, 2023, the Commission issued a notice of the November Filing stating comments were due on December 12, 2023. On December 5, 2023, however, EPNG discovered that service had not been completed due to an issue with its electronic mail which has since been resolved. After that discovery, EPNG provided service the same day to shippers and interested state regulatory commissions. Accordingly, EPNG is notifying the Commission of the delayed service of the November Filing.

Respectfully submitted,

EL PASO NATURAL GAS COMPANY, L.L.C.
