

EL PASO NATURAL GAS COMPANY, L.L.C.
Flow Path Extensions for Off-System Capacity

El Paso Natural Gas Company, L.L.C. (“EPNG”) recently acquired off-system firm transportation capacity from TransColorado Gas Transmission Company LLC (“TransColorado”) pursuant to Section 4.9 of the General Terms and Conditions (“GT&C”) of EPNG’s FERC Gas Tariff. In accordance with those provisions, the paths listed below and defined in Section 8.1 of the GT&C are extended to the applicable point(s) on TransColorado’s system. These paths shall remain extended to TransColorado’s system for the duration of the terms of the firm transportation service agreements between EPNG and TransColorado.
