

# Permian Map

This map provides a high level overview of the physical layout of the Permian virtual area in relation to the Operationally Available Capacity (OAC) information posted on EPMG. ESR. It is not a representation of routes available for nominations, contracting or invoicing. The flow directions and constraints depicted on this map are subject to change based on daily updated or observed operational pipeline conditions.

**Legend**

- ▲ = Segment posted on OAC
- = Flow Direction
