Re: Notice of In-Service Date for Carlsbad South Project;
El Paso Natural Gas Company, L.L.C.;
Docket No. RP20-1257-000

Commissioners:

On October 20, 2020, the Federal Energy Regulatory Commission ("Commission") issued an unpublished letter order in Docket No. RP20-1257-000 accepting tariff records reflecting a new non-conforming, negotiated rate transportation service agreement ("TSA") with MRC Permian Company (i.e., Agreement No. 612815-FT1EPNG) in EPNG's Third Revised Volume No. 1A of its FERC Gas Tariff. In particular, this order directed EPNG to make an informational filing regarding the actual in-service date of the Carlsbad South Project facilities constructed in Docket No. CP20-483-000.¹ In accordance with the order, EPNG hereby notifies the Commission that the project facilities were placed in service on January 28, 2021, allowing the associated contract (and tariff records) to become effective on January 29, 2021.

Respectfully submitted,

EL PASO NATURAL GAS COMPANY, L.L.C.

Enclosures

¹ Note that the Carlsbad South Project was authorized and constructed using EPNG's prior notice blanket authorization issued in Docket No. CP82-435-000. As such, there was no in-service notification requirement under Section 157.20(c) of the Commission's regulations (18 C.F.R. § 157.20(c)(2) (2020)) applicable to this project.

Certificate of Service

I hereby certify that I have this day served the foregoing document upon each person designated on the official service list compiled by the Secretary in this proceeding in accordance with the requirements of 18 C.F.R. § 385.2010 (2020) of the Commission's Rules of Practice and Procedures.

Dated at Colorado Springs, Colorado as of this 1st day of February, 2021.
