Re: Negotiated Rate Agreement Update;
El Paso Natural Gas Company, L.L.C.;
Docket No. RP22-

Commissioners:

El Paso Natural Gas Company, L.L.C. ("EPNG") hereby tenders for filing and acceptance by the Federal Energy Regulatory Commission ("Commission") the tariff records listed below for inclusion in Part VII of its FERC Gas Tariff, Third Revised Volume No. 1A ("Tariff"):

Section 27.1 Arizona Public Service #FT39H000-FT1EPNG Exh A Version 37.0.0
Section 27.2 Arizona Public Service #FT39H000-FT1EPNG Exh B Version 37.0.0

Proposed with an effective date of October 1, 2022, these tariff records update EPNG's Tariff to reflect a temporary point redesignation on an existing transportation service agreement ("TSA") between EPNG and Arizona Public Service Company ("APS"). EPNG respectfully requests a waiver of the 30-day notice requirement to effectuate the October 1, 2022 effective date, as discussed below.

Background

EPNG's Tariff includes Agreement No. FT39H000-FT1EPNG, a non-conforming, negotiated rate agreement with APS. Among other things, this TSA reflects the application of a negotiated rate at various primary and alternate points. Since the initial acceptance of the tariff records reflecting the TSA,¹ APS has redesignated primary points consistent with EPNG's Tariff. Currently, the tariff records reflecting the subject TSA include a point redesignation that was accepted by the Commission on September 19, 2022.²

² *El Paso Natural Gas Co.*, Docket No. RP22-1143-000 (Sept. 19, 2022) (unpublished letter order).

Reason for Filing

Pursuant to General Terms and Conditions (“GT&C”) Section 8.1(f)(iii) of EPNG’s Tariff, firm shippers may request to temporarily or permanently redesignate primary point rights to any rate zone subject to certain procedures. In the case of a temporary redesignation, a firm shipper may request to redesignate a primary point on its TSA for a period of three months or less and, in the same request, simultaneously redesignate back to the original primary point at the end of the redesignation period.³ An acceptance of a re-designation request by EPNG constitutes an amendment of the TSA and an executed paper copy is unnecessary to amend the TSA as described in GT&C Section 8.1(f)(iii)(F).

Recently, APS submitted a request to temporarily shift some of its capacity from the primary delivery point of DAPS YUM (PIN 330458) to DAPS PHX (PIN 300777) on Agreement No. FT39H000-FT1EPNG for October 1, 2022 through October 31, 2022, as indicated on the attached tariff records.⁴ DAPS PHX is currently listed as an alternate delivery point at which the negotiated rate specified in the TSA applies. APS’ request was accepted by EPNG and, therefore, Agreement No. FT39H000-FT1EPNG was deemed to be amended pursuant to Section 8.1(f)(iii)(F) of the GT&C.⁵ Given that APS’ temporary redesignation request affects a non-conforming, negotiated rate agreement, EPNG is proposing to update the relevant tariff records to reflect the delivery point modification and the relevant time period. No other changes to the TSA have been made.

Tariff Provisions

EPNG is submitting the following tariff records pursuant to 18 C.F.R. § 154.112(b) (2021) and Part 154, Subpart C of the Commission's regulations.⁶

Part VII, Sections 27.1 and 27.2 are updated to reflect the redesignation to the DAPS PHX delivery point for October 1, 2022 through October 31, 2022 for APS’ Agreement No. FT39H000-FT1EPNG.

³ See Section 8.1(f)(iii)(B) of the GT&C of EPNG’s Tariff.

⁴ As indicated on the attached tariff records, capacity will shift to the Redhawk Delivery Point (Meter No. 314553) within the DAPS PHX D-Code effective October 1, 2022 through October 31, 2022. This temporary redesignation is similar to others filed by EPNG and accepted by the Commission in Docket Nos. RP20-1256-000, RP21-1153-000 and RP22-1143-000. See, e.g., *El Paso Natural Gas Co.*, Docket No. RP22-1143-000 (Sept. 19, 2022) (unpublished letter order).

⁵ See Appendix A for a copy of the redesignation report for Agreement No. FT39H000-FT1EPNG. This report reflects the details regarding APS’ redesignation request and EPNG’s approval of such request.

⁶ See 18 C.F.R. §§ 154.201 - 154.210 (2021) (Subpart C).

Procedural Matters

In accordance with the applicable provisions of Part 154 of the Commission's regulations,⁷ EPNG is submitting an eTariff XML filing package, which includes the following:

- a) a transmittal letter;
- b) Appendix A, a copy of the redesignation report for Agreement No. FT39H000-FT1EPNG; and
- c) clean and marked versions of each tariff record in PDF format.

EPNG respectfully requests the Commission accept the tendered tariff records for filing and permit them to become effective October 1, 2022, contemporaneous with the effective date of the point redesignation. As such, EPNG requests the Commission waive the notice requirements found in 18 C.F.R. § 154.207 (2021) of the Commission's regulations.⁸ With respect to any tariff records the Commission allows to go into effect without change, EPNG hereby moves to place the tendered tariff records in to effect at the end of any minimal suspension period specified by the Commission.

1/ Unless otherwise agreed by the Parties in writing, the rates for service shall be Transporter's maximum rates, as may be changed from time to time, for service under Rate Schedule FT-1 or other superseding Rate Schedules. The reservation rate shall be payable regardless of quantities transported.

1a - As provided in Section 4.18 of the GT&C of Transporter's Tariff, Transporter and Shipper agree the reservation rate for this Agreement shall be a negotiated reservation rate and shall not be subject to the applicable maximum recourse or minimum FT-1 reservation rates as they are set forth in Transporter's Tariff during the entirety of the term of this Agreement.

The reservation rate shall be \$12.0146 per Dekatherm per month. If the Federal Energy Regulatory Commission issues a final order that is no longer subject to rehearing or appeal in Docket No. RP10-1398-000 with a lower Non-Article 11.2 applicable maximum recourse FT-1 reservation rate, Shipper will pay that lower rate. The lower rate will become the new negotiated reservation rate (not subject to the applicable maximum or minimum rate). The lower rate shall be effective for the remainder of this Agreement beginning on the same date the lower applicable maximum recourse reservation rate becomes effective for all shippers.

2/ Fuel and L&U shall be as stated on Transporter's Statement of Rates in the Tariff, as they may be changed from time to time, unless otherwise agreed between the Parties.

3/ Surcharges, if applicable: Unless otherwise specified, all applicable surcharges shall be the maximum surcharge rate as stated on the Statement of Rates, as they may be changed from time to time.

ACA:

The ACA Surcharge shall be assessed pursuant to Section 17 of the GT&C of the Tariff.
