Re: Negotiated Rate Agreement Filing;  
El Paso Natural Gas Company, L.L.C.;  
Docket No. RP22-

Commissioners:

El Paso Natural Gas Company, L.L.C. ("EPNG") hereby tenders for filing and acceptance by the Federal Energy Regulatory Commission ("Commission") the following tariff records for inclusion in EPNG's Third Revised Volume No. 1A, FERC Gas Tariff ("Tariff"):

Part II Section 5.0	Statement of Negotiated Rates	Version 36.0.0
Part II Section 5.34	Targa Gas Marketing #617369-FT1EPNG	Version 0.0.0

Proposed with an effective date of April 1, 2022, these tariff records update EPNG's Statement of Negotiated Rates in its Tariff to reflect a new negotiated rate transportation service agreement ("TSA") executed with Targa Gas Marketing LLC ("Targa"). EPNG respectfully requests a waiver of the 30-day notice requirement to permit the tariff records to become effective on the proposed date of April 1, 2022, consistent with the effective date of the TSA.

### **Reason for Filing**

Section 4.18 of the General Terms and Conditions ("GT&C") of the Tariff allows EPNG and a shipper to agree to a service rate that varies as to the form of the rate and/or from the minimum-to-maximum range provided on the Statement of Rates. Recently, EPNG and Targa entered into negotiations regarding a new TSA for firm capacity to begin April 1, 2022 and continue through March 31, 2026. Those negotiations resulted in the execution of a TSA that includes negotiated reservation rates for an initial transportation contract demand ("TCD") of 20,000 dekatherms per day ("Dth/d") for the first two months of the term and a TCD of 50,000 Dth/d for the remainder of the term.

The Targa TSA reflects two negotiated reservation rates. For primary-to-primary transactions, a monthly negotiated reservation rate of \$2.1292 per Dth will apply. The use of certain alternate point combinations will be subject to a formulaic

negotiated reservation rate of the greater of: 1) 90% of the difference between the daily Natural Gas Intelligence (“NGI”) SoCal Border - Ehrenberg Index and the daily NGI El Paso – Permian Index as calculated on the gas day that charges are incurred; or 2) the otherwise applicable maximum daily recourse rate plus an incremental \$0.1000 per Dth per day.

When implementing a negotiated rate TSA, the Commission’s policy requires pipelines to file either the TSA or a Statement of Rates tariff record identifying the transaction.<sup>1</sup> In accordance with this policy, EPNG is submitting tariff records to reflect the negotiated rates and certain contractual terms.

### **Description of Filing**

EPNG is submitting the following tariff records pursuant to 18 C.F.R. § 154.112(b) (2021) and Subpart C of Part 154 of the Commission’s regulations.<sup>2</sup>

The index page for Negotiated Rate Agreements found on Part II, Section 5.0 is updated to list the new Targa TSA.

Part II, Section 5.34 reflects the negotiated rates and terms applicable to the Targa TSA. Specifically, the proposed tariff record includes the legal name of the shipper, the negotiated rates, the receipt and delivery points, the transportation contract demand, the applicable Rate Schedule for the service, and the contract term. Additionally, consistent with the Commission’s policy, EPNG has included a statement on the proposed tariff record to note that the underlying agreement conforms in all material respects with EPNG’s Rate Schedule FT-1 pro forma service agreement.

### **Procedural Matters**

In accordance with the applicable provisions of Part 154 of the Commission’s regulations,<sup>3</sup> EPNG is submitting an eTariff XML filing package, which includes the following:

- a) a transmittal letter; and
- b) clean and marked versions of the tariff records in PDF format.

EPNG respectfully requests the Commission accept the tendered tariff records for filing and permit them to become effective on April 1, 2022, consistent with the effective date of the TSA. As such, EPNG requests the Commission grant
