Re: Negotiated Rate Agreement Filing;
El Paso Natural Gas Company, L.L.C.;
Docket No. RP22-

Commissioners:

El Paso Natural Gas Company, L.L.C. ("EPNG") hereby tenders for filing and acceptance by the Federal Energy Regulatory Commission ("Commission") the following tariff records for inclusion in EPNG's FERC Gas Tariff, Third Revised Volume No. 1A ("Tariff"):

Part II Section 5.0 Statement of Negotiated Rates Version 37.0.0
Part II Section 5.35 JM & RAL Energy Inc. #617476-FT1EPNG Version 0.0.0

Proposed with an effective date of May 1, 2022, these tariff records update EPNG's Statement of Negotiated Rates in its Tariff to reflect a new negotiated rate transportation service agreement ("TSA") executed with JM & RAL Energy Inc. ("JM"). EPNG respectfully requests a waiver of the 30-day notice requirement to permit the tariff records to become effective on the proposed date of May 1, 2022, consistent with the effective date of the TSA.

Reason for Filing

Section 4.18 of the General Terms and Conditions ("GT&C") of the Tariff allows EPNG and a shipper to agree to a service rate that varies as to the form of the rate and/or from the minimum-to-maximum range provided on the Statement of Rates. Recently, EPNG and JM entered into negotiations regarding existing Agreement No. 614675-FT1EPNG that is currently subject to the maximum tariff reservation rate. Those negotiations resulted in the termination of Agreement No. 614675-FT1EPNG and the corresponding execution of a new TSA (i.e., Agreement No. 617476-FT1EPNG). The new TSA reflects a negotiated monthly reservation rate of \$13.3833 per dekatherm, a change in the primary delivery point and the inclusion of a contractual right-of-first-refusal ("JM TSA"). Additionally, alternate receipt and delivery point combinations subject to the new negotiated reservation rate are included in the underlying TSA. The JM TSA reflects a begin date of May 1, 2022 and an expiration date of October 31, 2034.

When implementing a negotiated rate TSA, the Commission's policy requires pipelines to file either the TSA or a Statement of Rates tariff record identifying the transaction.¹ In accordance with this policy, EPNG is submitting tariff records to reflect the negotiated rates and certain contractual terms.

Description of Filing

EPNG is submitting the following tariff records pursuant to 18 C.F.R. § 154.112(b) (2021) and Subpart C of Part 154 of the Commission's regulations.²

The index page for Negotiated Rate Agreements found on Part II, Section 5.0 is updated to list the new JM TSA.

Part II, Section 5.35 reflects the negotiated rate and terms applicable to the JM TSA. Specifically, the proposed tariff record includes the legal name of the shipper, the negotiated rate, the receipt and delivery points, the transportation contract demand, the applicable Rate Schedule for the service, and the contract term. Additionally, consistent with the Commission's policy, EPNG has included a statement on the proposed tariff record to note that the underlying agreement conforms in all material respects with EPNG's Rate Schedule FT-1 pro forma service agreement.

Procedural Matters

In accordance with the applicable provisions of Part 154 of the Commission's regulations,³ EPNG is submitting an eTariff XML filing package, which includes the following:

- a) a transmittal letter; and
- b) clean and marked versions of the tariff records in PDF format.

EPNG respectfully requests the Commission accept the tendered tariff records for filing and permit them to become effective on May 1, 2022, consistent with the effective date of the TSA. As such, EPNG requests the Commission grant a waiver of the notice requirements found in 18 C.F.R. § 154.207 (2021) of the Commission's regulations.⁴ With respect to any tariff record the Commission allows to go into effect without change, EPNG hereby moves to place the tendered tariff record in to effect at the end of a minimal suspension period, if any, established by the Commission.
