Attention: Ms. Kimberly D. Bose, Secretary

Re: Mojave Pipeline Company, L.L.C.;
Docket No. CP21-495-000,
Weekly Environmental Inspector Report No. 7

Dear Ms. Bose:

Mojave Pipeline Company, L.L.C. ("Mojave") is hereby filing with the Federal Energy Regulatory Commission ("Commission") in Docket No. CP21-495-000, its weekly status report related to the Oak Creek Delivery Point Project ("Project").

Description of Proceeding

On September 13, 2021, Mojave filed a prior notice request pursuant to Sections 157.203, 157.205, and 157.211 of the Commission's regulations under the Natural Gas Act for authorization to construct the Oak Creek Delivery Point located in Kern County, California. On September 23, 2021, the Commission issued a Notice of Request Under Blanket Authorization initiating the 60 day comment period to allow for any person or Commission's staff to file motions or notice to intervene and protests. Since no protests were filed within the comment period, the Project was deemed to be authorized on November 23, 2021.

Submittal of Status Report

Mojave is herein providing Environmental Inspector Report No. 7 for the period of November 13, 2022 through November 19, 2022.

Filing Information

Mojave is e-Filing this letter and report with the Commission's Secretary in accordance with the Commission's Order No. 703, *Filing Via the Internet*, guidelines issued on November 15, 2007 in Docket No. RM07-16-000.

Respectfully submitted,
MOJAVE PIPELINE COMPANY, L.L.C.

Mojave Weekly Environmental Inspector Report No. 7		
Docket No. CP21-495-000		
Project Name:	Oak Creek Delivery Point Project	
County/State:	Kern County, California	Date: 11/22/2022
Reporting Period:	November 13, 2022, to November 19, 2022	
Environmental Inspector/ Chief Inspector:	Charles Wisenor	

- 1. Summary of Construction Activity for Inspection Period:** Michels Pipeline, Inc. ("Michels"), Mojave and CalPortland's construction contractor had a vacuum truck on site to expose the adjacent Mojave Line No. 1901 to verify the depth of the line crossing for electrical service to be bored.

Michels continued work on activities associated with CalPortland's connecting pipe that will tie into Mojave's Oak Creek Delivery point to include, adding two 36-degree bend joints, x-raying the joints, jacking and coating of the pipe, excavating a bell-hole trench, and lowering the connecting pipe into the trench. One trench breaker was installed, the pipe was padded, and the trench was backfilled. Michels also began fabricating pipe that will be part of CalPortland's connecting pipeline from their new meter station towards their cement plant.
- 2. Relevant Environmental Activities:** There were no environmental activities or training that took place during this reporting period.
- 3. Environmental Problems/Issues and Corrective Actions Taken:** There were no environmental problems or issues identified during this reporting period.
- 4. Environmental Compliance Issues/Resolutions:**
There were no environmental compliance issues identified during this reporting period.
- 5. Issues and Concerns Identified by Landowners:**
There were no landowner issues or concerns were reported during this reporting period.
- 6. Work Planned for the Following Reporting Period:** During the next reporting period, it is anticipated that Michels will continue to work on activities associated with the new CalPortland meter site.
