Re: Correction to Annual FL&U Filing and
Annual Operational Purchase and Sales Report;
Mojave Pipeline Company, L.L.C.;
Docket No. RP25-239-

Commissioners:

On November 27, 2024, Mojave Pipeline Company, L.L.C. ("Mojave") submitted to the Federal Energy Regulatory Commission ("Commission") its Annual FL&U Filing and Annual Operational Purchase and Sales Report ("November Filing") in Docket No. RP25-239-000 to update its tariff record for changes in the fuel and lost and unaccounted for reimbursement percentages in Mojave's Third Revised Volume No. 1 FERC Gas Tariff ("Tariff"). Very recently, Mojave discovered that the filed tariff record unfortunately included a typographical error. Specifically, the Fuel Charge percentage, which is the total of the Fuel and L&U percentages,¹ only reflected the Fuel percentage of 0.46%. The correct Fuel Charge percentage is 0.73%.² Consequently, Mojave is submitting a substitute tariff record version for Part II: Statement of Rates to correct the percentage.³

Because Section 13 of the General Terms & Conditions of Mojave's Tariff requires the Fuel and L&U percentages to be effective January 1 of each calendar year, Mojave respectfully requests the Commission shorten the comment period on this filing to the minimum period the Commission deems appropriate and reasonable under the circumstances. The proposed change merely corrects one typographical error as just described and does not substantively alter the filing in support of the requested percentages. Mojave also respectfully requests that the Commission issue an order in this proceeding approving the rates no later than December 30, 2024. A shortened

¹ Pursuant to Section 1.10 of the General Terms and Conditions of Mojave's Tariff, the term Fuel Charge means the sum of Mojave's applicable fuel and lost and unaccounted for charges.

² As shown on the tariff records submitted in the November Filing and with this transmittal letter, the Fuel percentage is 0.46% and the L&U percentage is 0.27%. See *also*, November Filing, Appendix A, Schedule 1, line no. 13 & Schedule 2, line no.14.

³ Mojave is submitting Version 23.1.0 of Part II: Statement of Rates to replace Version 23.0.0 of the same tariff record submitted previously with the November Filing. Consistent with the November Filing, this substitute tariff record is proposed with an effective date of January 1, 2025. No other changes were made.

comment period would facilitate an order to be issued as requested to permit Mojave's timely assessment of the correct total percentage effective on January 1, 2025. Mojave apologizes for any confusion or inconvenience resulting from this correction.

In accordance with the applicable provisions of Part 154 of the Commission's regulations,⁴ Mojave is submitting an eTariff Filing XML package, which includes the following:

- a) a transmittal letter; and
- b) clean and marked versions of the tariff records in PDF format.

The undersigned hereby certifies that she has read this filing and knows (i) the contents of such filing and the attachments; (ii) that the contents as stated in the filing and in the attachments are true to the best of her knowledge and belief; and (iii) that she possesses full power and authority to sign this filing.

Respectfully submitted,

MOJAVE PIPELINE COMPANY, L.L.C.
