Dear Ms. Reese:

On August 7, 2024, Colorado Interstate Gas Company, L.L.C. 1. Provide a status update on CIG’s Section 106 review with the Colorado Office of Archaeology and Historic Preservation. Include any correspondence not previously filed.

**Response:**

CIG previously reached out to the Colorado Office of Archaeology and Historic Preservation (“CO SHPO”) to inquire about the status of its Section 106 review. As detailed in the email correspondence dated June 7, 2024 and provided in CIG’s response to OEP’s May 31, 2024 data request, the CO SHPO had requested FERC staff engagement prior to moving forward on issuing an effects determination. CIG has not received any correspondence since July 9, 2024 when FERC staff submitted their finding to the CO SHPO that no historic properties would be affected. Most recently, CIG reached out to the CO SHPO on August 7, 2024 to follow-up on the status but has not received any updates. Once CO SHPO issues their determination, CIG will file a copy of that determination in this docket.
