Docket No. CP24-124-000
Supplemental Information – SHPO Concurrence Letter

Dear Ms. Reese:

On October 25, 2024, the Colorado State Historic Preservation Office (“SHPO”) provided Colorado Interstate Gas Company, L.L.C. (“CIG”) a letter regarding impacts of the Project on cultural resources. In its letter, SHPO found that CIG’s proposed Totem Enhanced Deliverability Project would not affect historic properties. Accordingly, CIG is providing the Federal Energy Regulatory Commission (“Commission”) a copy of the SHPO letter.

Description of Proceeding

On April 8, 2024, CIG filed an application in the docket referenced above, pursuant to Section 7(c) and (b) of the Natural Gas Act, and Part 157.5, et seq., of the Commission’s Regulations for a certificate of public convenience and necessity and abandonment authorization to modify and enhance its existing Totem storage field located in Adams County, Colorado in order to increase the maximum withdrawal rate by approximately 50 million cubic feet per day. Specifically, CIG proposes to: (1) install six new injection and withdrawal wells; (2) replace and install various sections of storage pipeline; (3) reclassify one existing injection/withdrawal well to an observation well; (4) install various appurtenant and auxiliary facilities; and (5) inject approximately one billion cubic feet of additional base gas into the Totem storage field. The proposed project is referred to as the “Totem Enhanced Deliverability Project” or “Project”.

Filing Information

CIG is e-Filing this letter and attachment with the Commission's Secretary in accordance with the Commission's Order No. 703, *Filing Via the Internet*, guidelines issued on November 15, 2007 in Docket No. RM07-16-000.
