

AVAILABLE SHORT TERM FTS CAPACITY

Natural is making available firm transportation capacity for request under Natural's Rate Schedule FTS pursuant to its FastFirm program, as set forth below. A description of Natural's FastFirm program ("Program Description") is contained on Natural's Website under "Service Programs." The available primary path, primary points and discount rate conditions are set forth below and are effective as of Gas Day 7/23/2021. Applicable fuel/GLU charges associated with this capacity shall be in accordance with the Tariff.

Primary Path: Permian to Midcontinent

Primary Receipt Points located in Segment 9:

- (a) Whitewater (PIN 49574)
- (b) Transpecos (PIN 54824)

Primary Delivery Points in Segment 6:

- (a) Midcoast Sweetwater (PIN 40475)
- (b) Midcoast TX (PIN 6506)

Requests for firm service at Primary Receipt or Delivery Points other than those listed above are subject to available capacity. Please contact your Account Director.

The following terms and conditions shall apply to all requests for this capacity:

Shipper understands that the capacity available in Segment 6 of this request may use a receipt point as a delivery point strictly for purposes of setting up a contract with such deliveries provided by displacement depending on available receipt quantities at such point.

The following terms and conditions shall apply to any request for this capacity that represents a discount from Natural's applicable Maximum Tariff Reservation Rate:

Discounted Secondary Receipt Points: The requested rate shall apply to service provided on a firm basis from all secondary receipt points located in the zones traversed by the Primary Path including pooling and storage points in those zones. Service provided on a firm basis from all other secondary receipt points not specifically set forth in this Section will be provided at the applicable maximum rate set forth in Natural's FERC Gas Tariff, as may be revised from time to time, for service to such points.

Discounted Secondary Delivery Points: The requested rate shall apply to service provided on a firm basis to all secondary delivery points located in the zones traversed by the Primary Path including pooling and storage points in those zones. Service provided on a firm basis to all other secondary delivery points not specifically set forth in this Section will be provided at the applicable maximum rate set forth in Natural's FERC Gas Tariff, as may be revised from time to time, for service to such points.

Discounted Firm Transportation Quantity Limitation: Shipper understands that the requested rate shall apply only to a total aggregate maximum daily firm transportation quantity equal to the Requested Contract MDQ (or such lesser amount as may be awarded to Shipper) for all quantities transported on a firm basis under the relevant transportation agreement and any

associated capacity release replacement agreements. Any quantities transported on a firm basis in excess of the Discounted Firm Transportation Quantity Limitation shall be billed at all applicable maximum rates, charges, and surcharges set forth in Natural's FERC Gas Tariff, as may be revised from time to time.
