Note 1. Daily Rates may be changed by way of a revised posting of this matrix any time prior to 9 AM Mountain Clock Time to be effective the following gas day.

Note 2. Posted interruptible transportation rates represent base commodity rate only. Applicable FL&U and other applicable surcharges are additive.

Note 3. Fuel and Lost and Unaccounted For retention percentage will be the FGRP-N rate, as shown on Sheet No. 20 of the TransColorado Tariff

Note 4. The posted commodity rates do not include the Annual Charge Adjustment, which will apply to all Hub Service transportation performed

Note 5. In the event of a conflict between (i) The TransColorado Hub rate identified in the matrix above for a particular transport path; and (ii) the rate for the same transport path identified in any effective written agreement between TransColorado and shipper for a "discounted" or "negotiated" ITS rate, then the rate identified in the effective written agreement shall be the applicable rate for such transport path.

Note 6. Shipper's agreement to the applicable TransColorado Hub rate shall be indicated by shipper's nomination under shippers ITS service agreement of one or more transportation paths set forth in The TransColorado Hub daily rate matrix.

Note 7. Any shipper requiring pricing for firm transport service (FTS) for any of the matrix paths above; please contact your Account Director.

Note 8. Rates from March 7, 2011 through September 30, 2012 are \$0.0250 and PIN 45314 is not a valid delivery point.
