Washington, D.C. 20426

Attention: Ms. Debbie-Anne Reese, Acting Secretary

Re: Operational Purchases and Sales Annual Report,  
Young Gas Storage Company, Ltd.;  
Docket No. RP24-

Commissioners:

Young Gas Storage Company, Ltd. ("Young") tenders for filing and acceptance by the Federal Energy Regulatory Commission ("Commission") this report of its operational purchases and sales for the twelve months ended June 30, 2024.

### **Background**

By unpublished letter orders issued June 23, 2004 and October 3, 2005 in Docket No. RP04-312-000, et al., the Commission authorized Young to make operational purchases and sales of gas for system operations and balancing. The provisions are contained in Section 27 of the General Terms and Conditions ("GT&C") of the First Revised Volume No. 1 of Young's FERC Gas Tariff. GT&C Section 27 requires Young to file a report each year reflecting the operational purchases and sales for the 12-month period ending on June 30. Young's annual operational purchase and sales report is due each year at the end of September.

### **Description of Filing**

Young is submitting this annual report of operational purchases and sales for the 12-month period ended June 30, 2024 pursuant to Section 154.502 of the Commission's regulations<sup>1</sup> and GT&C Section 27.3.

The report identifies the source of the operational gas purchased or sold, the date of such purchase or sale, the volumes, the purchase or sale price, the costs and revenues from such purchases or sales and the disposition of the associated costs and revenues. Young purchases and/or sells gas to the extent necessary to manage system storage, balance fuel quantities, implement the gas retention requirements of Rate Schedules FS-

---

<sup>1</sup> 18 C.F.R. § 154.502 (2024).

1 and IS-1 and to perform other operational functions of Young in connection with storage and other similar services.

This annual report consists of seven schedules, a summary schedule and six supporting schedules providing data on a monthly basis, which can be found in Appendix A. Schedule 1 is a summary schedule showing operational purchase transactions and reconciles such amounts with the disposition of the associated costs and revenues for the period July 2023 through June 2024.<sup>2</sup>

Schedule 2 displays operational purchases and other source activity by month including the quantity purchased, the amount paid and the price paid for purchases made as a result of system requirements. Schedule 3 shows Young's operational sales and other disposition activity by month including the quantity sold, the amount received, and the price. However, Young did not have any purchases, other source activity, sales or other disposition activity and is including Schedules 2 and 3 to facilitate review of the report.

Schedules 4 and 4(a) provide transactional detail on each operational gas purchase and sale including the source (identity), the date of such purchase/sale, the volumes and applicable purchase/sale price, and the costs and revenues from such purchases/sales. As noted, Young had no operational gas purchases or sales but is including Schedules 4 and 4(a) to facilitate review of the report.

Schedule 5 details changes in Young's system balance, including system storage imbalances and net shipper imbalances for the reporting period. Similarly, Schedule 6 details the volumes and costs associated with Young's fuel provisions. Schedule 7 details Young's other gas costs.

Accordingly, in compliance with the tariff provision referenced above, Young is providing the following information in this submittal:

Appendix A containing Schedules 1 through 7 showing the operational purchases and sales information required by Section 27.3 of the GT&C.

---

<sup>2</sup> Young has formatted Schedule 1 to display operational sales and other credit activity as "gas dispositions" and operational purchases and other debit activity as "gas sources". The annual data are detailed on a monthly basis on Schedules 2 through 7.

Correspondence and communications concerning this filing should be directed to:
