DART Help & Information

The Kinder Morgan family of pipelines invites you to learn more about our pipelines and services. Our pipelines offer a variety of customer oriented services.

This NAESB-compliant web site will allow you to select a pipeline group/pipeline from the menu bar on the left, and easily navigate to the section of this site that interests you by selecting the appropriate section from the expanded menu.

Kinder Morgan is continually looking for new ways to serve current and prospective customers through new service offerings and facility expansions. To obtain information on facility expansions that are proposed or currently underway, please select the EXPANSION PROJECTS link from the menu bar at left.

We have tried to make the sections of this site applicable for all pipelines. However, if a section is not applicable to the pipeline you have selected, no data will be provided when your request is submitted. This website uses Adobe Acrobat Reader® for reading some of its documents. If you don't have Acrobat Reader, download the Reader from the Acrobat button at the bottom of this page. Adobe Acrobat Reader is free software available from Adobe Systems Incorporated. Download the software and install as a browser plug-in, following the instructions available at the Adobe site. The Customer Activities or secured sections (NOMINATION, FLOWING GAS, INVOICING, CAPACITY RELEASE, and CONTRACTS/RATES) require log-on ids and passwords.

DART utilizes a Multi-Factor Authentication process to log in. To learn more about this process, please select the following links:

- DART Multi-Factor Authentication (MFA) FAQs
- DART Multi-Factor Authentication (MFA) User Guide
- Self Service Password Reset (SSPR) User Guide
- Emergency Token Request (ETR) User Guide
- SecurID User Guide:
 - First Time Registration
 - Reregister SecurID

The following links provide access to DART processes:

- SecurID Registration
- Emergency Token Request
- DART Login

To request a new login ID, modify the security on an existing ID or receive a password reset, contact your company's DSA (DART Security Administrator). When an DSA does not exist for the company, a security form must be sent to the DART Security Coordinator.

NOTE: You will not be able to login to this screen with a temporary password. If you have a temporary password, please login to kmapps.cloud.com > change password > and return to this page.

If you are not prompted for an OTP Token, please skip to Slide 7

NOTE: If prompted to receive an OTP Token and do not have access to your device, please click the “Show More” option

SecurID

Enter Authenticate OTP

1. Open the RSA Authenticator.
2. Enter the eight-digit number that displays on the screen.

Submit

Cancel

▼ Show more

Select the option
“SMS OTP” to
receive text
message with
token code.

Click “Send OTP”
on the next
prompt.

The screen displays the Kinder Morgan SecurID logo at the top. Below the logo, the heading "Enter Authenticate OTP" is shown. To the right of the heading is an icon of a smartphone displaying "RSA" and the number "12345". Below the heading are two numbered instructions: "1. Open the RSA Authenticator." and "2. Enter the eight-digit number that displays on the screen." A text input field is positioned below the instructions. At the bottom of the main content area are two buttons: "Submit" (blue) and "Cancel" (white). Below this area is a "Show less" link. At the very bottom, there is a row of four selection options, each with a smartphone icon: "Biometrics" (fingerprint icon), "SMS OTP" (text message icon), "Approve" (checkmark icon), and "SecurID OTP" (RSA authenticator icon). A red arrow points from the text "Select the option 'SMS OTP' to receive text message with token code." to the "SMS OTP" option.

The screen displays the Kinder Morgan SecurID logo at the top. Below the logo, the heading "Get SMS OTP" is shown. To the right of the heading is an icon of a smartphone with a green text message bubble. Below the heading, the text reads: "You will receive a six-digit OTP on your phone." followed by the phone number "+1xxxxxx2352". Below this is a "Send OTP" button (blue) and a "Cancel" button (white). At the bottom of the main content area, there is a "Show more" link. Below the "Show more" link, there is a line of small text: "Message and data rates may apply. Message frequency may vary. From your phone, reply HELP for help or STOP to cancel." and a link for "Privacy Policy and Terms of Service".

Once logged into SecurID, hover over your registered device and click the trash can icon to delete the device.

5-10 minutes after the device is deleted, you can follow the instructions for [registration](#).

Click *Register an authenticator*

Good afternoon First Name.

My registered authenticators (0)

Register a mobile device, hardware authenticator, or FIDO Security Key so you can authenticate to access protected applications.

If the application is installed on the mobile device, click the *next* button and open the *SecurID* app on your mobile device.

If you have not installed the app, go to [installation instructions](#).

1 Install SecurID Authenticator

2 Register Authenticator

On your iOS, Android, or MacOS device, go to the [App Store](#) or [Google Play](#).
install.step.securid.gotostore.desktop

Search for the SecurID Authenticator

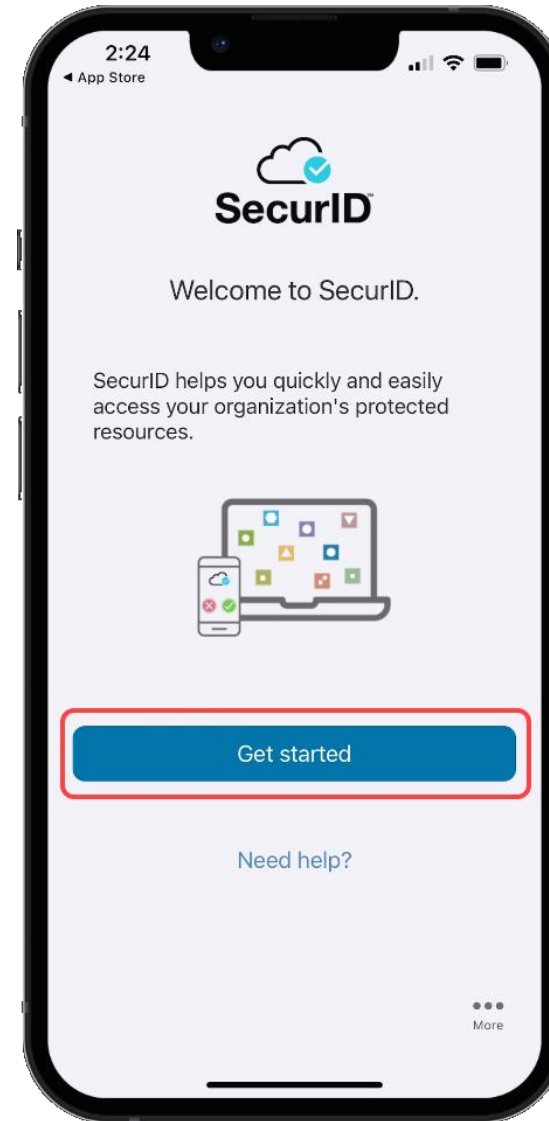

Install the App

Cancel Next

Open the *SecurID* app on your mobile device.

Press the *Get Started* button to begin the credential import process.

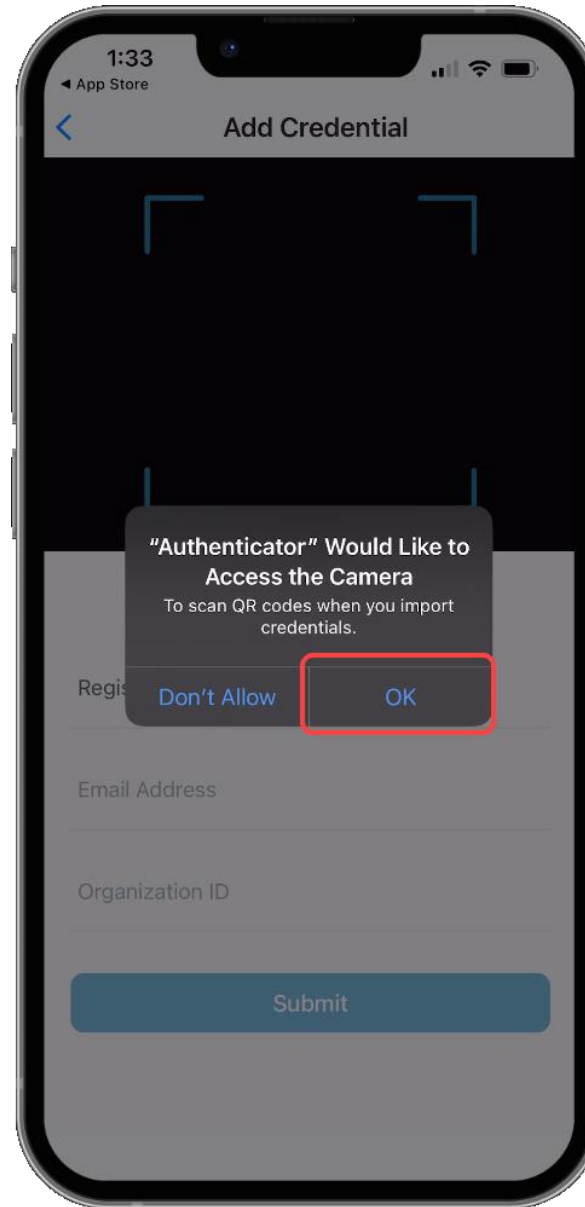

Apple

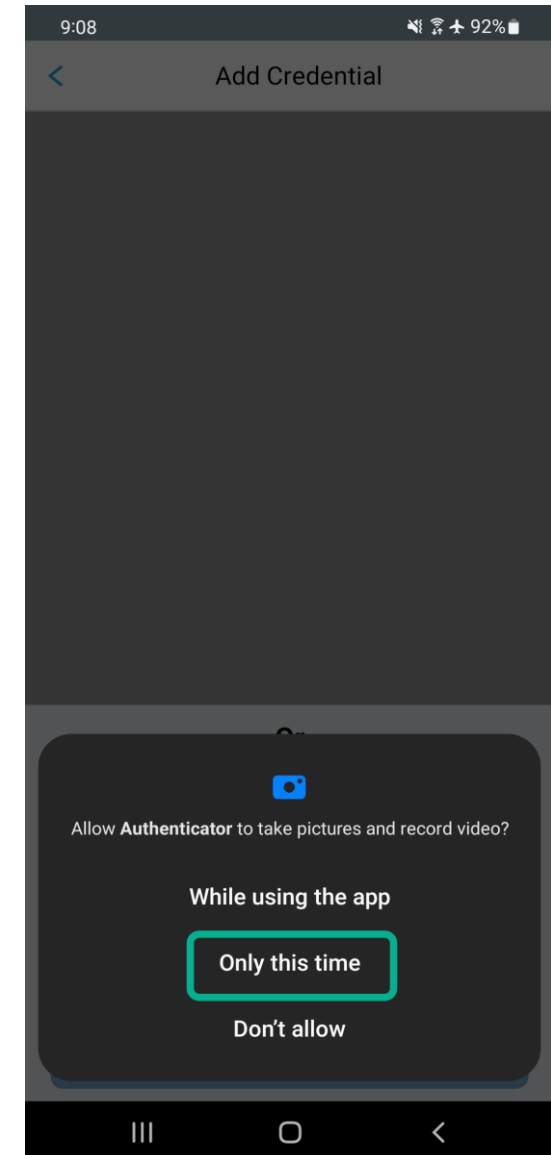

Allow access to the Camera to scan the QR Code displayed in the SecurID Browser.

You can change this setting in your device settings after completing the registration process.

If you do not want to allow access to the camera, press *Don't Allow*. You will need to enter the information manually.

Android

Hold your mobile device up to the screen displaying the QR Code.

DO NOT SCAN THE QR CODE FROM THIS DOCUMENT!

Center the QR Code in the camera viewing window while slowly moving the device backwards until the QR Code is read.

1 Install SecurID Authenticator

2 Register Authenticator

Scan QR

Enter Details

Open the app and enter:

Registration Code: 123456789

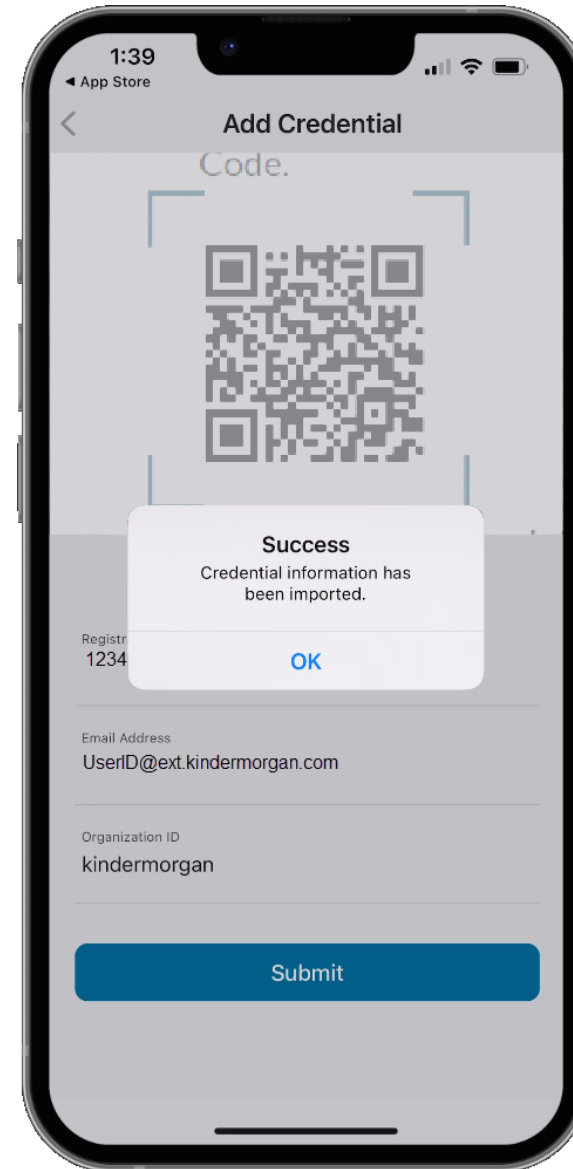

Email Address:
UserID@ext.kindermorgan.com

Organization ID: kindermorgan

Information on this page will expire in: 01:41

When the credential information is imported successfully, a pop-up will be shown. Press *OK* to continue.

Leave the device and application open to test the authentication token process.

If you are unable to successfully scan the QR code, please enter the details manually into your phone.

DO NOT SCAN THE REGISTRATION CODE FROM THIS DOCUMENT!

If you were able to successfully scan the QR code, please disregard this slide.

The image shows a two-step registration process for the SecurID Authenticator app. Step 1 is 'Install SecurID Authenticator' and Step 2 is 'Register Authenticator'. The main screen is titled 'Add Credential Code.' and features a QR code scanner. Below the scanner, there is an 'Or' separator and three input fields: 'Registration Code or URL', 'Email Address', and 'Organization ID'. A blue 'Submit' button is at the bottom. To the right of the phone, the text 'Enter Details' is followed by 'Open the app and enter:' and three lines of example data: 'Registration Code: 123456789', 'Email Address: UserID@ext.kindermorgan.com', and 'Organization ID: kindermorgan'. A vertical line with 'OR' in the middle separates the QR code from the manual entry fields. A red arrow points from the 'Registration Code or URL' field to the example registration code. Another red arrow points from the 'Email Address' field to the example email address. A third red arrow points from the 'Organization ID' field to the example organization ID. At the bottom right, a timer indicates 'Information on this page will expire in: 01:41'.

After the mobile device has successfully imported the credential information, the browser screen will change to the one displayed on the right.

Use the *Test Now* button to ensure the device registration was successful.

The browser window will update to show a screen like below.

Confirm the test by pressing the green check mark on your mobile device.

Sending Sign-In Request

Check **User's iPhone** for a notification to continue authentication.
