Federal Energy Regulatory Commission
888 First Street, N.E.
Washington, D.C. 20426

Attention: Ms. Debbie-Anne Reese, Acting Secretary

Re: Quarterly FL&U Filing,
Sierrita Gas Pipeline LLC;
Docket No. RP24-

Commissioners:

Sierrita Gas Pipeline LLC ("Sierrita") tenders for filing and acceptance by the Federal Energy Regulatory Commission ("Commission") the revised tariff record for inclusion in Part II: Stmt. of Rates, Section 2 – Fuel and L&U Rates, Version 19.0.0 of Sierrita's FERC Gas Tariff, Original Volume No. 1 ("Tariff").

Pursuant to the procedures set forth in Section 13 of the General Terms and Conditions ("GT&C") of Sierrita's Tariff, the tariff record is submitted to reflect updated fuel and lost and unaccounted-for gas ("FL&U") Reimbursement Percentages to become effective June 1, 2024.

Reason For Filing

Section 13 of the GT&C of Sierrita's Tariff states that the FL&U reimbursement percentages shall be updated at least every three months. Sierrita previously filed its quarterly FL&U report on January 30, 2024 ("January Filing") and those FL&U reimbursement percentages were made effective on March 1, 2024 by the Commission.¹ Thus, as just noted, the subject filing updates the FL&U Reimbursement Percentages proposed to be effective June 1, 2024.

Section 13.5(a) of the GT&C explains that the data collection period shall be the three-month period ending two calendar months before the filing date of the FL&U filing ("Data Collection Period"). The Data Collection Period in this filing is the three-month period from December 1, 2023 through February 29, 2024.

¹ *Sierrita Gas Pipeline LLC*, Docket No. RP24-358-000 (Feb. 20, 2024) (unpublished letter order).

Under Sections 13.6(a)(i) and (ii) of the GT&C, the Fuel Gas and L&U Reimbursement Percentages are comprised of two components: 1) the current period percentages (Projected Fuel Gas or L&U Reimbursement Percentages) based on the Fuel Gas or L&U projected by Sierrita that is required to support the transportation service and throughput anticipated during the period of June 1, 2024 through August 31, 2024, and 2) the Fuel Gas or L&U True-up Reimbursement Percentages attributable to the over- or under-recovery of quantities during the Data Collection Period. The calculations of the Total FL&U Reimbursement Percentages are detailed in Appendix A, Schedules 1 and 2.

Description of Filing

Pursuant to Subpart C of Part 154 of the Commission's regulations² and Sierrita's Tariff, this filing proposes to maintain both the Total Fuel Gas Reimbursement Percentage and the Total L&U Reimbursement Percentage at 0.00%.³ Sierrita is submitting a revised tariff record indicating the effective date of the L&U percentage.

Part II: Stmt. Of Rates, Section 2 on the submitted tariff record reflects the Current Period and True-up components along with the resulting Total Fuel Gas Percentage and Total L&U Percentage with a proposed effective date of June 1, 2024.

Current Period and True-up FL&U Reimbursement Percentages

Current Period Fuel Gas Reimbursement Percentage

During the months the Projected ("Current Period") Fuel Gas Reimbursement Percentage will be in effect, June 2024 through August 2024, Sierrita anticipates no throughput which requires minimal or no fuel gas usage under current operating conditions. Accordingly, the Current Period Fuel Reimbursement Percentage will remain at 0.00%.⁴

Fuel Gas True-up Reimbursement Percentage

The Fuel Gas True-up Reimbursement Percentage is computed in Appendix A, Schedule 1 using the Data Collection Period of December 1, 2023 through February 29, 2024 as described earlier.⁵

² 18 C.F.R. §§ 154.201 – 154.210 (2023).

³ See Appendix A, Schedules 1 and 2.

⁴ See Appendix A, Schedule 1, line 12.

⁵ See Section 13.5(a) of the GT&C.

During the Data Collection Period, the total quantity of under-collected fuel burned and fuel to be trued up is 1,658 Dth.⁶ As discussed below, and pursuant to Section 13.6 of the GT&C, Sierrita proposes to apply 1,658 Dth of over-collected L&U quantities to the total amount of under-collected Fuel to be trued up. Netting the total under-collected Fuel against an equal quantity of over-collected L&U results in a remaining total Fuel true-up quantity of 0 Dth⁷ and a Fuel Gas True-up Reimbursement Percentage of 0.00%.⁸ The sum of the Current and True-up Fuel Gas Reimbursement Percentages results in a total Fuel Gas Reimbursement Percentage of 0.00% for the period these percentages are in effect.

Current Period L&U Reimbursement Percentage

Sierrita is forecasting L&U quantities from June 2024 through August 2024 of 2,814 Dth. The proposed Current Period L&U Reimbursement Percentage during the period of June 2024 through August 2024 is 0.00%.⁹

L&U True-up Reimbursement Percentage

The L&U True-up Reimbursement Percentage is computed in Appendix A, Schedule 2 using the Data Collection Period from December 1, 2023 through February 29, 2024. As demonstrated on Schedule 2, the total of the net L&U quantities experienced during the Data Collection Period and the net L&U quantities expected to be trued up is an over collection of 5,986 Dth.¹⁰ In addition, Sierrita deferred an over collection of 5,069 Dth in its last filing.¹¹ Adding the 5,986 Dth of over-collected quantities in this filing to the 5,069 Dth deferred in the last filing results in a total over-collection of 11,055 Dth to be recovered.¹² As mentioned above, Sierrita proposes to net 1,658 Dth of over-collected L&U against under-collected fuel. After the removal of the 1,658 Dth, Sierrita has a remaining over-collection of L&U of 9,397 Dth.¹³ Sierrita projects 2,814 Dth of L&U for the period the proposed reimbursement rates will be in effect. Because section 13.4 of the GT&C does not allow the total L&U Reimbursement Percentage to be less than zero, only 2,814 Dth of the over-collected quantities is netted against the same quantity of projected L&U¹⁴ leaving an over-

⁶ See Appendix A, Schedule 1, line 7.

⁷ See Appendix A, Schedule 1, line 9.

⁸ See Appendix A, Schedule 1, line 13.

⁹ See Appendix A, Schedule 2, line 15.

¹⁰ See Appendix A, Schedule 2, line 7.

¹¹ See "Quarterly FL&U Filing," Appendix A, Schedule 2, Page 1, Column (b), Line 11, Docket No. RP24-358-000 (Jan. 30, 2024)

¹² See Appendix A, Schedule 2, lines 7-8.

¹³ See Appendix A, Schedule 2, line 10.

¹⁴ See Appendix A, Schedule 2, line 13.

collection of 6,583 Dth to be deferred to a future filing.¹⁵ The resulting L&U True-up Reimbursement Percentage is 0.00%.¹⁶

The Current Period and True-up L&U Reimbursement Percentages sum to a Total L&U Reimbursement Percentage of 0.00% for the period these percentages are in effect.

18 C.F.R. § 154.204 Discussion

Pursuant to 18 C.F.R. § 154.204 (2023) of the Commission's regulations, Sierrita states the following:

- a) Sierrita does not anticipate any increase in revenues as a result of this filing.
- b) Sierrita is not aware of any other filings pending before the Commission that may significantly affect this filing.

Procedural Matters

In accordance with the applicable provisions of Part 154 of the Commission's regulations¹⁷ Sierrita is submitting an eTariff filing XML package, which includes the following:

- a) a transmittal letter;
- b) workpapers under Appendices A-C in PDF format; describing the FL&U reimbursement percentages; and
- c) the clean and marked versions of each tariff record in PDF format.

Sierrita respectfully requests the Commission accept the tendered tariff record for filing and permit it to become effective on June 1, 2024, which is not less than 30 days nor more than 60 days from the filing date. With respect to any tariff provisions the Commission allows to go into effect without change, Sierrita hereby moves to place the tendered tariff provisions into effect at the end of any minimal suspension period specified by the Commission.

¹⁵ See Appendix A, Schedule 2, line 11.

¹⁶ See Appendix A, Schedule 2, line 17.

¹⁷ 18 C.F.R. §§ 154.1 – 154.603 (2023).
