

Southern LNG

Southern LNG (SLNG) owns the Elba Island LNG terminal located near Savannah, Georgia. The terminal has 11.5 billion cubic feet (Bcf) of LNG storage capacity and 1,755 million cubic feet per day (MMcf/d) of peak vaporization send-out capacity. The Elba Island LNG terminal is directly connected to four major pipelines and indirectly to two others, and thus is readily accessible to the southeast and mid-Atlantic markets.

SNG operates the Elba Island LNG terminal pursuant to a service agreement with SLNG.
