Re: Southern Natural Gas Company, L.L.C.
Negotiated Rate Tariff Filing
Docket No. RP26-___

Dear Ms. Reese:

Pursuant to Section 4 of the Natural Gas Act (“NGA”) and Part 154 of the regulations of the Federal Energy Regulatory Commission (“Commission” or “FERC”), Southern Natural Gas Company, L.L.C. (“Southern”) hereby submits for filing and acceptance the tariff record listed below to its FERC Gas Tariff, Eighth Revised Volume No. 1 (“Tariff”) to amend three (3) existing negotiated rate agreements between Southern and Spire Alabama Inc. (“Spire”) and remove one (1) expired negotiated rate agreement with Municipal Gas Authority of Georgia (“MGAG”).

Section 2.7 – Statement of Rates – Negotiated Rates Version 42.0.0

Southern requests that the Commission accepts and approves the attached tariff record and corresponding negotiated rate arrangement to be effective April 1, 2026.

Statement of Nature, Reasons and Basis for the Filing

This filing is submitted pursuant to the Commission’s Negotiated Rate Policy Statement issued January 31, 1996 in Docket No. RM95-6-000 (“Policy Statement”).¹ In the Policy Statement, the Commission announced that it would allow companies to implement negotiated/recourse rate programs.² Section 34 of the General Terms and Conditions of Southern’s currently effective tariff allows Southern to charge negotiated rates. As part of the order granting Southern the authority to negotiate rates for its services, the Commission directed Southern to file either the negotiated rate agreements themselves or a summary of the negotiated rate agreements reflecting the essential elements of such agreements as a tariff record.

¹ The Commission’s current policies were originally established in, *Alternatives to Traditional Cost-of-Service Ratemaking for Natural Gas Pipelines, Regulation of Negotiated Transportation Services, Statements of Policy and Comments*, 74 FERC ¶ 61,076 (1996), *order on clarification*, 74 FERC ¶ 61,194 (1996), *order on reh’g*, 75 FERC ¶ 61,024 (1996). See, also, *Natural Gas Pipeline Negotiated Rate Policies and Practices, Modification of Negotiated Rate Policy*, 104 FERC ¶ 61,134 (2003).

² Policy Statement, 74 FERC at 61,241.

In this filing, Southern submits a summary of three amended negotiated rate agreements with Spire in Section 2.7 of its tariff which reflects the essential elements of these negotiated rate agreements. The amended agreements only alter the receipt point information for each respective agreement. These negotiated rate agreements conform in all material respects with Southern's *pro forma* service agreement in its Tariff. Southern also submits the removal of the expired negotiated rate agreement with MGAG in Section 2.7 of its tariff. Southern respectfully requests the amended agreements to be effective April 1, 2026.

Southern requests the Commission to accept this tariff filing and permit the proposed tariff record to become effective April 1, 2026.

Procedural Matters

In accordance with the applicable provisions of Part 154 of the Commission's regulations,³ Southern is submitting an eTariff XML filing package, which includes the following:

1. This transmittal letter; and
2. Clean and Marked versions of the tendered tariff record in PDF format.

Southern respectfully requests the Commission accept the tendered tariff record for filing and permit it to become effective on April 1, 2026. As such, Southern requests the Commission grant a waiver of the notice requirements found in 18 C.F.R. § 154.207 of the Commission's regulations.⁴ With respect to any tariff record the Commission allows to go into effect without change, Southern hereby moves to place the tendered tariff record into effect at the end any minimal suspension period specified by the Commission.

As required by Section 154.208 of the Commission's Regulations, copies of this filing are being made available at Southern's offices in Birmingham, Alabama, and electronically mailed to Southern's customers and to interested state commissions.

³ 18 C.F.R. §§ 154.1 – 154.603 (2024).

⁴ See, e.g., *Gulfstream Natural Gas System, L.L.C.*, 105 FERC ¶ 61,164, at P 11 (2003).
