Trade Volume _____ (check one)
Shipper Signature _____
Date _____

Each portion of this form must be completed by the individual shipper in order for the trade to be recognized by the pipeline.

*Trades will be recorded in the relevant flow month.

Trades are subject to the terms and conditions in the currently effective FERC Gas Tariffs of the respective pipeline.

Trade forms may be submitted via facsimile or email.

Facsimile submittals must contain signatures for both shippers.

Email submittals must be received from both shippers so the email addresses can be used as confirmation.

Transport trades cannot increase an imbalance.

Trade Forms must be submitted in accordance with the time lines provided for in the currently effective FERC Gas Tariff of the respective pipeline.

The Preliminary Cashout Schedule, included with the invoice, details the transportation imbalances.

TransColorado Trades To:

TransColorado trade forms should be Emailed to all three contact addresses listed to ensure timeline response:
