

# New Supply and Market Area Pools

Effective October 1, 2019

# Two New Pools effective October 1, 2019

## New Pool: Zone 0, 100 Leg Border Pool (PIN 54302)

### New Border Pool: 54302

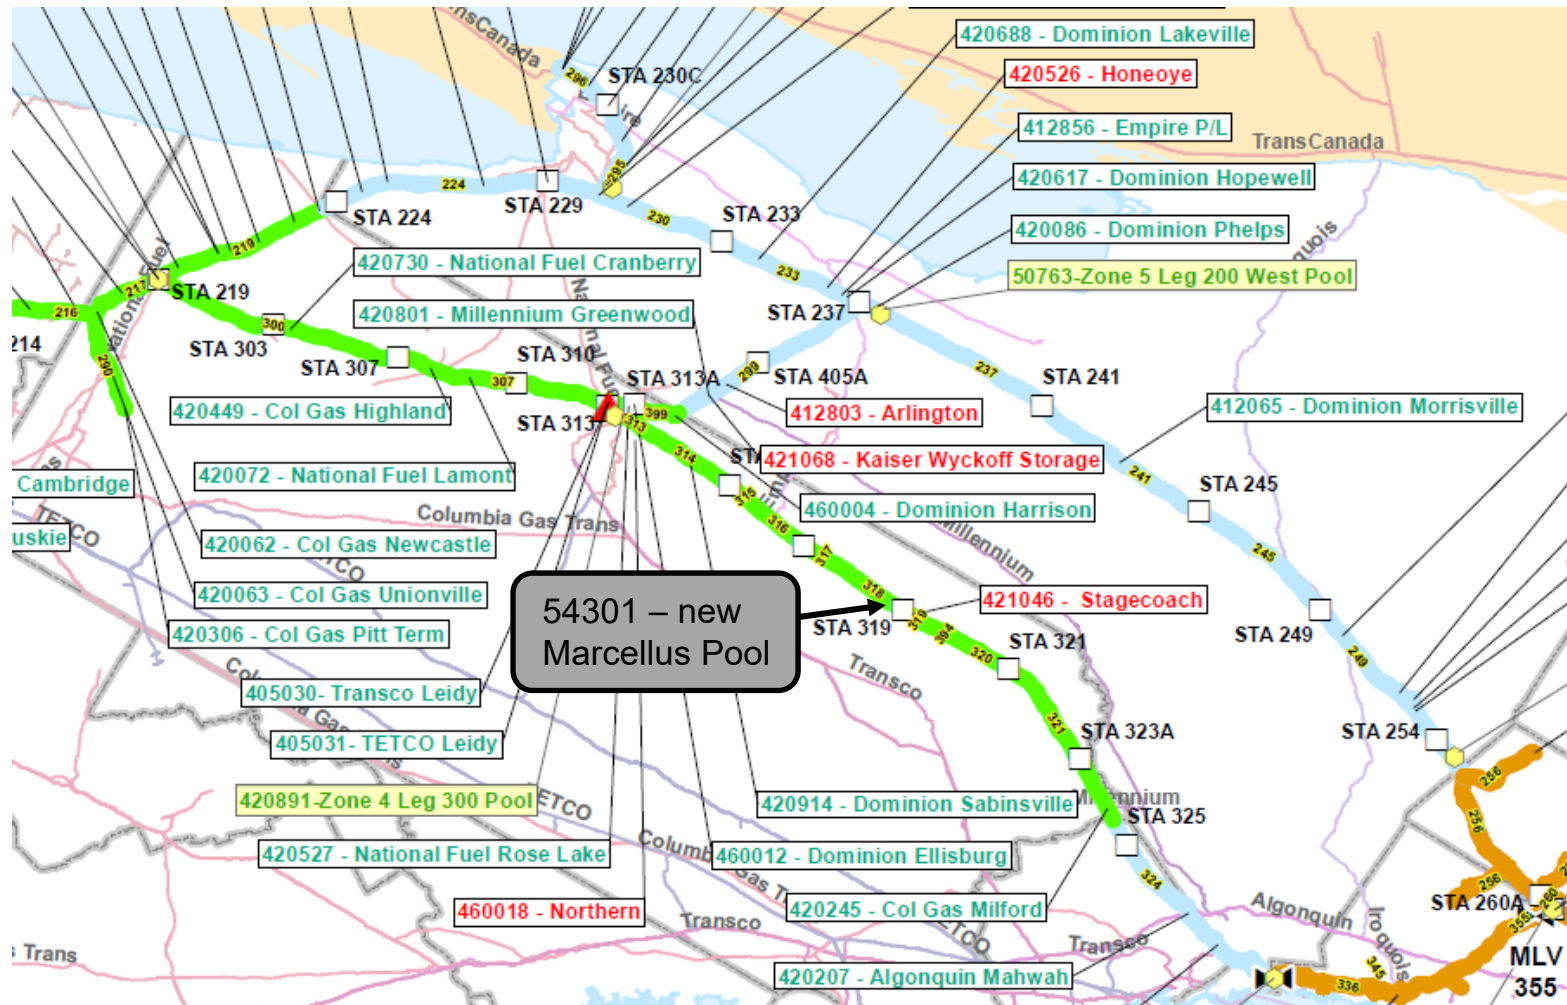

Located just south of Compressor Station 409 in Segment 490.

Aggregates supply south of Compressor Station 409.

Receipt points designated to Zone 0 South Pool between 409 and Sta. 17 will also have the option of aggregating to the new Border pool. Supply south of CS 409 can only aggregate to the new Zone 0 Border Pool.

# Two New Pools effective October 1, 2019

## New Pool: Zone 4, 300 Leg Marcellus Pool (PIN 54301)

### New Marcellus Pool: 54301

Located on the West side of Compressor Station 319 in Segment 318.

Aggregates all points of receipt on TGP's 300 line between CS 315 and the PA/NJ state line at CS 325.

Receipt points that aggregate to the new Marcellus Pool can also alternatively aggregate to the Zone 4 300 Leg Pool (Sta. 313).
