Washington, D.C. 20426

Attention: Ms. Debbie-Anne Reese, Secretary

Re: Wyoming Interstate Company, L.L.C.;
Docket No. CP24-20-000,
Supplemental Information – Revised Projected In-Service Date

Commissioners:

On November 29, 2023, WIC filed a prior notice request (“Request”) pursuant to Sections 157.205, 157.208 and 157.210 of the Commission’s regulations under the Natural Gas Act, and WIC’s blanket certificate issued in Docket No. CP83-22-000, for authorization to make certain modifications at its existing Wamsutter Compressor Station in Sweetwater County, Wyoming in order to generate incremental east to west firm natural gas transportation capacity of approximately 180,000 dekatherms per day on WIC’s mainline system. The proposed modifications are referred to as the “Project”.

In its Request, WIC noted that the construction of the Project was planned to begin as early as June 1, 2024, with the Project facilities anticipated to be placed into service by May 1, 2025. In an effort to make its Project facilities available sooner, WIC has reviewed its Project schedule and is proposing to place its Project facilities into service by February 1, 2025. This updated in-service date will allow WIC to have its Project facilities available for service for a portion of the 2025 winter heating season.

Filing Information

This information is being filed with the Commission's Secretary in accordance with the Commission's Order No. 703, *Filing Via the Internet*, guidelines issued on November 15, 2007 in Docket No. RM07-16-000.

Please direct any questions regarding this matter to Mr. Francisco Tarin at 719-667-7517 or via email at Francisco_Tarin@kindermorgan.com.
