Re: Order No. 587-AA Compliance Filing;  
Wyoming Interstate Company, L.L.C. ;  
Docket No. RP25-

Commissioners:

In compliance with the Federal Energy Regulatory Commission's ("Commission") Final Rule in Docket No. RM96-1-043, ("Order No. 587-AA" or "Final Rule"),<sup>1</sup> Wyoming Interstate Company, L.L.C. ("WIC") submits for filing the following tariff record for inclusion in Part IV of its FERC Gas Tariff, Third Revised Volume No. 2 ("Tariff"):

Section 22 Compliance with 18 CFR, Section 284.12 Version 9.0.0

Proposed to become effective August 1, 2025 to comply with Order No. 587-AA, these tariff records reflect the latest version, Version 4.0, of the business practice standards adopted by the Wholesale Gas Quadrant ("WGQ") of the North American Energy Standards Board ("NAESB") as adopted by the Commission in Order No. 587-AA.

### **Reason for Filing**

On November 22, 2024, the Commission issued Order No. 587-AA amending its regulations to incorporate by reference, with certain exceptions, Version 4.0.<sup>2</sup> As described in the Final Rule,<sup>3</sup> the Version 4.0 standards include (among other things): 1) a new data element to address technical details for the reporting of storage balances, 2) revisions to a flowing gas standard to identify the applicable contract and support for processes used to allocate the actual flow of gas quantities to parties involved in a transaction, 3) modification to an invoicing-related data element to allow for the identification of multiple rates that may be

applicable for a single transaction or service, 4) a new capacity release data element to improve efficiencies by providing a mechanism for a transportation service provider to communicate the locations at which a discounted rate is offered as well as if the rate is associated with a single location, multiple locations, or all locations, and 5) code values for five invoicing-related data elements to ensure the dataset complies with the Accredited Standards Institute X12 Transaction Set 811 Consolidated Service Invoice/Statement. Additionally, the cybersecurity-related standards currently included in various standards manuals are consolidated into a new manual as detailed in the Final Rule.

In Order No. 587-AA, the Commission noted that it would continue the compliance filing requirements first established in Order No. 587-V.<sup>4</sup> Accordingly, for each standard, Order No. 587-AA requires the pipeline to specify in the tariff section listing all the NAESB standards: a) whether the standard is incorporated by reference; b) for those standards not incorporated by reference, the tariff provision that complies with the standard; or c) for those standards with which the pipeline does not comply, an explanatory statement, including an indication of whether the pipeline has been granted a waiver, extension of time, or other variance with respect to compliance with the standard.<sup>5</sup> With the Final Rule and consistent with Order No. 587-V, the Commission also mandated that pipelines request to continue any existing waivers or extensions, as necessary.<sup>6</sup> The Final Rule requires each interstate natural gas pipeline to submit a compliance filing reflecting the changed standards by February 3, 2025, to take effect on August 1, 2025.<sup>7</sup>

### **Description of Filing**

WIC is hereby filing updated an tariff record in compliance with the Commission's Order No. 587-AA. Specifically, WIC is revising Section 22 of its General Terms and Conditions to incorporate the NAESB WGQ standards adopted by reference in the Final Rule and to reflect the waivers, extensions of time and variances requested below.

#### *Incorporation of NAESB Version 4.0*

Part IV, Section 22 is updated to reflect the addition and removal of certain NAESB WGQ standards in Version 4.0, the applicable copyright years, and the inclusion of a citation to the relevant Commission order(s) on previously accepted variances, waivers and extensions. Additionally, this tariff record reflects the removal of a previous extension for three standards as well as the removal of the

waiver for another standard, given that such requests for these standards are no longer necessary.

#### *Continuance of Variance*

In Part IV, Section 6, WIC's Tariff includes a variance to NAESB WGQ Standard 1.3.2, which extends the nomination periods for an additional fifteen minutes.<sup>8</sup> The additional fifteen minutes conforms to Commission policy that pipelines may modify NAESB standards to provide better service to its customers.<sup>9</sup> This variance was accepted by the Commission in previous orders.<sup>10</sup>

#### *Continuance of Extension*

WIC's Tariff includes an extension of time to comply with NAESB WGQ Standards for certain data sets for Electronic Data Interchange ("EDI") related requirements. Though WIC supports some of these data sets, there are several that have never been requested by any party to receive information by EDI pursuant to the data sets found in NAESB Standards: 0.4.1, 2.4.1 through 2.4.3, 2.4.5, and 3.4.2 through 3.4.4. Therefore, WIC respectfully requests a limited extension of time until 60 days after the receipt of a request by a Part 284 shipper to use such a standard and dataset for WIC to comply with these EDI data set standards. This 60-day period will allow time for WIC to test and implement any of the above listed EDI data sets if and when a shipper requests to use such an EDI data set. WIC's original request for extension on these standards was accepted by the Commission in its *Order On Filings In Compliance With Order No. 587-Z*.<sup>11</sup>

#### *Table for Request to Continue Waivers, Variances or Extensions*

As required by Order No. 587-AA for requests for a continuation of a waiver, variance or extension,<sup>12</sup> WIC is providing the table below identifying the standard for which a variance, waiver, or extension of time was granted, and the docket

**Procedural Matters**

WIC is submitting an eTariff XML filing package, which includes the following:

- a) a transmittal letter; and
- b) clean and marked versions of the tariff records in PDF format.

WIC respectfully requests the Commission accept the tendered tariff record for filing and permit it to become effective August 1, 2025, consistent with the Commission’s directive in Order No. 587-AA. With respect to any tariff provision the Commission allows to go into effect without change, WIC hereby moves to place the tendered tariff provisions in to effect at the end of any minimal suspension period specified by the Commission.

22. Compliance with 18 CFR, Section 284.12

Transporter has adopted the Business Practices and Electronic Communications Standards, NAESB WGQ Version 4.0, and the standard revised by Minor Correction MC24002 marked with an asterisk [\*], which are required by the Commission in 18 CFR, Section 284.12(a), as indicated below. Standards without accompanying identification or notations are incorporated by reference. Standards that are not incorporated by reference are identified along with the tariff record in which they are located. Standards for which waivers or extensions of time have been granted are also identified.

**Standards not Incorporated by Reference and their Location in Tariff:**

Pursuant to NAESB's Copyright Procedure Regarding Member and Purchaser Self-Executing Waiver as adopted by the NAESB Board of Directors on April 4, 2013, Transporter may publish in its tariff, compliance filings, in communications with customers or stakeholders in conducting day to day business or in communications with regulatory agencies some or all of the language contained in NAESB standards protected by copyright, provided that Transporter includes appropriate citations in the submission.

Transporter has elected to reproduce only the following Business Practices and Electronic Communications standards, NAESB WGQ Version 4.0, that are protected by NAESB's copyright. With respect to each reproduced standard (including any minor corrections), Transporter incorporates the following: © 1996 - 2025 North American Energy Standards Board, Inc., all rights reserved.
