Re: Wyoming Interstate Company, L.L.C.;  
Docket No. CP18-117-000;  
WIC Cheyenne Compressor Station Expansion Project;  
Weekly Environmental Inspector Report No. 23

Commissioners:

Wyoming Interstate Company, L.L.C. ("WIC") is hereby filing with the Federal Energy Regulatory Commission ("Commission") in Docket No. CP18-117-000, its weekly status report related to the Cheyenne Compressor Station Expansion Project ("Project").

### **Description of Proceeding**

On March 15, 2018, WIC filed a prior notice request pursuant to Sections 157.205, 157.208(b), and 157.210 of the Commission's regulations under the Natural Gas Act for authorization to reclassify one compressor unit that currently serves as a spare unit to mainline service and increase the available horsepower at its existing WIC Cheyenne Compressor Station located in Weld County, Colorado. The project is referred to as the "WIC Cheyenne Compressor Station Expansion Project." On March 23, 2018, the Commission issued a Notice of Request Under Blanket Authorization initiating the 60 day comment period to allow for any person or Commission's staff to file motions or notice to intervene and protests. Since no protests were filed within the comment period, the Project was deemed to be authorized on May 23, 2018.

### **Submittal of Status Report**

In compliance with Section 157.208(c)(10) of the Natural Gas Act, WIC is providing Environmental Inspector Report No. 23 for the period of November 25, 2018 through December 1, 2018.

**Filing Information**

WIC is e-Filing this letter and report with the Commission's Secretary in accordance with the Commission's Order No. 703, *Filing Via the Internet*, guidelines issued on November 15, 2007 in Docket No. RM07-16-000.

Respectfully submitted,  
WYOMING INTERSTATE COMPANY  
L.L.C.
